PROFILE OF CAMPUS LIFE

They are special years, those years spent at Loyola.

You learn a lot, for one thing. Concentrated within her walls is the learning and thinking and theorizing and dreaming man has done throughout his history. More of it will be absorbed at Loyola than at any life span in your life.

You have fun, for another. The fraternities, the sororities, Thespians, Campus Capers, clubs, dances, games, Blue Key Talent Nite, sitting in the cafeteria or quadrangle, The Maroon and the Wolf—remember them?

They are a large part of what prompts you to recollect your college days with such affection in later years.

You collect memories which will remain with you always: the sound of silence broken by bird cries as you wake first in a normally noisy, humming dorm; the smoky dawn or dusk when the commuting students study between daydreams on streetcars or buses. There is the memory of Audubon park changing from the bare grey of winter to the leafy cover of summer; the reaction of the Michigan student to his first Mardi Gras;

study sessions in the library or gab fests in the cafeteria. There are the inspiring teachers, the new friends, the indefinable "feel" of the seasons, the new romance of spring.

And you grow up. The learning and the fun prepare you for adulthood. It is not always easy, this business of maturing, but the bitter is as precious as the sweet with an

interested faculty to help you, friends to cheer you, and Holy Name church to slip into and confer with God.

These years are like old friends; you like to look them up now and again. Reminiscing is always a happy occasion. And this is the profile the Wolf has drawn for you for just that purpose—Loyola, 1962-63.

Students Are Loyola

Students are the reason for the existence of a university. They are the raw material which is worked and shaped into useful and worthwhile products. Loyola's students — 3000 plus from the greenest freshman to the most starry-eyed senior — are undergoing great changes.

It is remarkable how 15 or 20 classes a week, bits of gossip in the cafeteria, fierce rooting at basketball games, and eager jockeying for dates for the next big dance can change a raw young freshman into an adult, sober graduate; but it happens all the time.

Students discover maturity in the strangest ways: a chance meeting in the quadrangle, a question posed to an instructor, an especially pretty day, fervent Mass, or welcomed smile—the Loyola osmosis is subtle, its effect permanent.

Taking the long walk that will separate most of them from the world of classes and studies they have known all their lives, seniors accept their diplomas in the fieldhouse.

Loyolans Enjoy
Relaxed Mood
on Campus

A break from the routine of classes finds these students relaxing. The young man with his back to the reader is helping his friends catch up on the latest campus news.

Socializing is easy right from the beginning.

"Zzzzzzzzz!" Snores a sleepy student.

Reflects Easy Atmosphere of City

Using elbow grease on the Loyola seal, frosh victims of Hellweek Walter Sagrera and Charles Wiegand make like Mr. Clean.

New Orleans is a cosmopolitan seaport city, and as one of her leading universities Loyola has a studentry to match. The variety of backgrounds, abilities, and interests of her young people add to the prestige of Loyola and the education she supplies.

Representatives from 10 foreign countries such as China, Germany, Venezuela, and British Honduras, and from 37 states lend an extra flavor to the student body.

Although the majority of Loyolans, 2,227 of them, are, fittingly enough, Catholic, 441 students of other religions are represented. There are 367 Protestants, 22 of the Jewish faith, and 52 of other denominations combined.

Of this year's enrollment, 1,912 students are men and 1,242 are women, indicating that males still reigned supreme in the year of Our Lord 1962.

Aha! Who is the unfortunate victim of the camera's eye? This senior photographer is undoubtedly snapping away at someone. Was it you?

Campus Architecture Blends

Silhouetted against a background of sky and campus, construction workers drive in the pilings for the foundation. Workers labored under a hot August-September sun to finish the groundwork for the buildings.

Old With New

Cheery though soggy officials take part in ceremonies marking the beginning of student center to be.

Like New Orleans, its native city, Loyola is a blend of old and new. The familiar red brick Gothic of the existing buildings are being complemented by structures under construction to meet the needs of the growing university.

Between Bobet hall and the fieldhouse a dormitory and student center are rising, and a central utilities plant has been erected.

Scheduled for occupation in September of 1963, the six-story residence hall will house 400 students, 10 senior proctors, and five priests.

The same month will see the student center completed. The three-level structure will house a bookstore, a modern cafeteria and main dining room, a snackbar, student lounge, faculty dining area and post office on the main floor. The other floors will contain business offices and meeting rooms.

Academic Life Proves Rewarding

The endless rounds of classes, conferences, quizzes, and exams often make a blur of academic life for hardworking undergraduates. The assimilation of new knowledge is not easy and the results often seem, at first sight, inconsequential when compared to the effort.

The change is slow, but it is there. A joke in a new language to a friend, a thought of unexpected depth, a lifelong belief reexamined and rejected or confirmed—and the student sees that the work will eventually achieve the goal.

Loyola university's six schools and colleges—arts and sciences, business administration, music, law, dentistry, pharmacy, and the evening division—are dedicated to this goal: the formation of a well-rounded individual, equipped for leadership in the intellectual, social, civic, and religious circles of his world and man's.

Studies Place Scholars in Various Role

Thinking their newstories out are journalism students Gus Melendez and Maria Gamboa.

Loyola is proud of her academic standing as a leading Catholic university, the largest in the South. Blessed with the long-standing reputation of her Jesuit administration and well-qualified faculty and staff, she offers bachelor of arts or sciences and masters degrees in six schools and colleges, in the graduate division and in the evening division.

With the advent of the space age she has found extra cause for academic joy in graduates such as Charles P. Smith, Jr., physics major in the class of '43 and now serving in the key post of project manager for Telstar, America's history-making communications satellite.

Grants were received with reassuring regularity. Dr. Carl Brans of the physics department explored applications of Einstein's theory of relativity; high school teachers took part in a nationwide project to revamp and update high school sciences courses. Grants for research and scholarships were presented by the Rotary club and the National Science Foundation, among several others.

Hit the Campus

An old Catholic saw states that God loves a happy saint.

In extra-curriculum the small university excels. Nowhere, the lonely freshman discovers, does one find the cold, uninterested attitude which may sometimes appear on a mammoth campus. Loyola, with over 80 organizations and four social fraternities and sororities, breaks camp every year for the Mardi Gras holidays. Loyola provides in every one of its 3154 students a potential chum. The freshman does not stay lonely long.

With these assurances tucked away in the backs of their minds, Loyolans cut loose at as many kinds of social functions as the partygoing mind of collegiate man can devise. From traditional university functions like the term-opening Jambalaya fete to such concoctions as the math party celebrating the 287th anniversary of Gottfried Leibnitz' discovery of the derivative; from homecoming, Talent Nite, basketball games, hoe-downs, and backwards dances to "consolation" parties and "Hoot-nannys" students took good care of this slice of their lives.

Loyola Campus

Something made a comeback on the Loyola campus in 1962: initiation. And with its revival came an upsurge of school spirit in a degree not seen for several years.

Ending orientation week was the annual Jambalaya with its inter-fraternity singing contest. Upsilon Beta Lambda stopped cold a three-year Beggars' winning streak with their medley of songs describing Loyola life.

Sororities and fraternities held their parties to which they invited as many students as the walls would hold: the Sigma Alpha Kappa Boatride, Kappa Beta Gamma's Hoe-Down—in its initial appearance—Tri Sigma's Backwards Dance, Theta Phi Alpha's Swamp Stomp, UBL's Shipwreck Dance, and Tri Phi's Soiree were among the leading socials on the agenda.

And, of course, the spirit of The Maroon, Joe Lobo, guarded the newly revived spirit diligently as only he could.

Religion Enriches Loyola

In the horseshoe on Loyola's front yard stands the graceful ivory-white statue of the Sacred Heart, its arms outstretched in an all-embracing gesture.

It has stood thus for decades. For 51 years the priests of the Society of Jesus have ingrained His teachings to their charges under the patronage of St. Ignatius of Loyola.

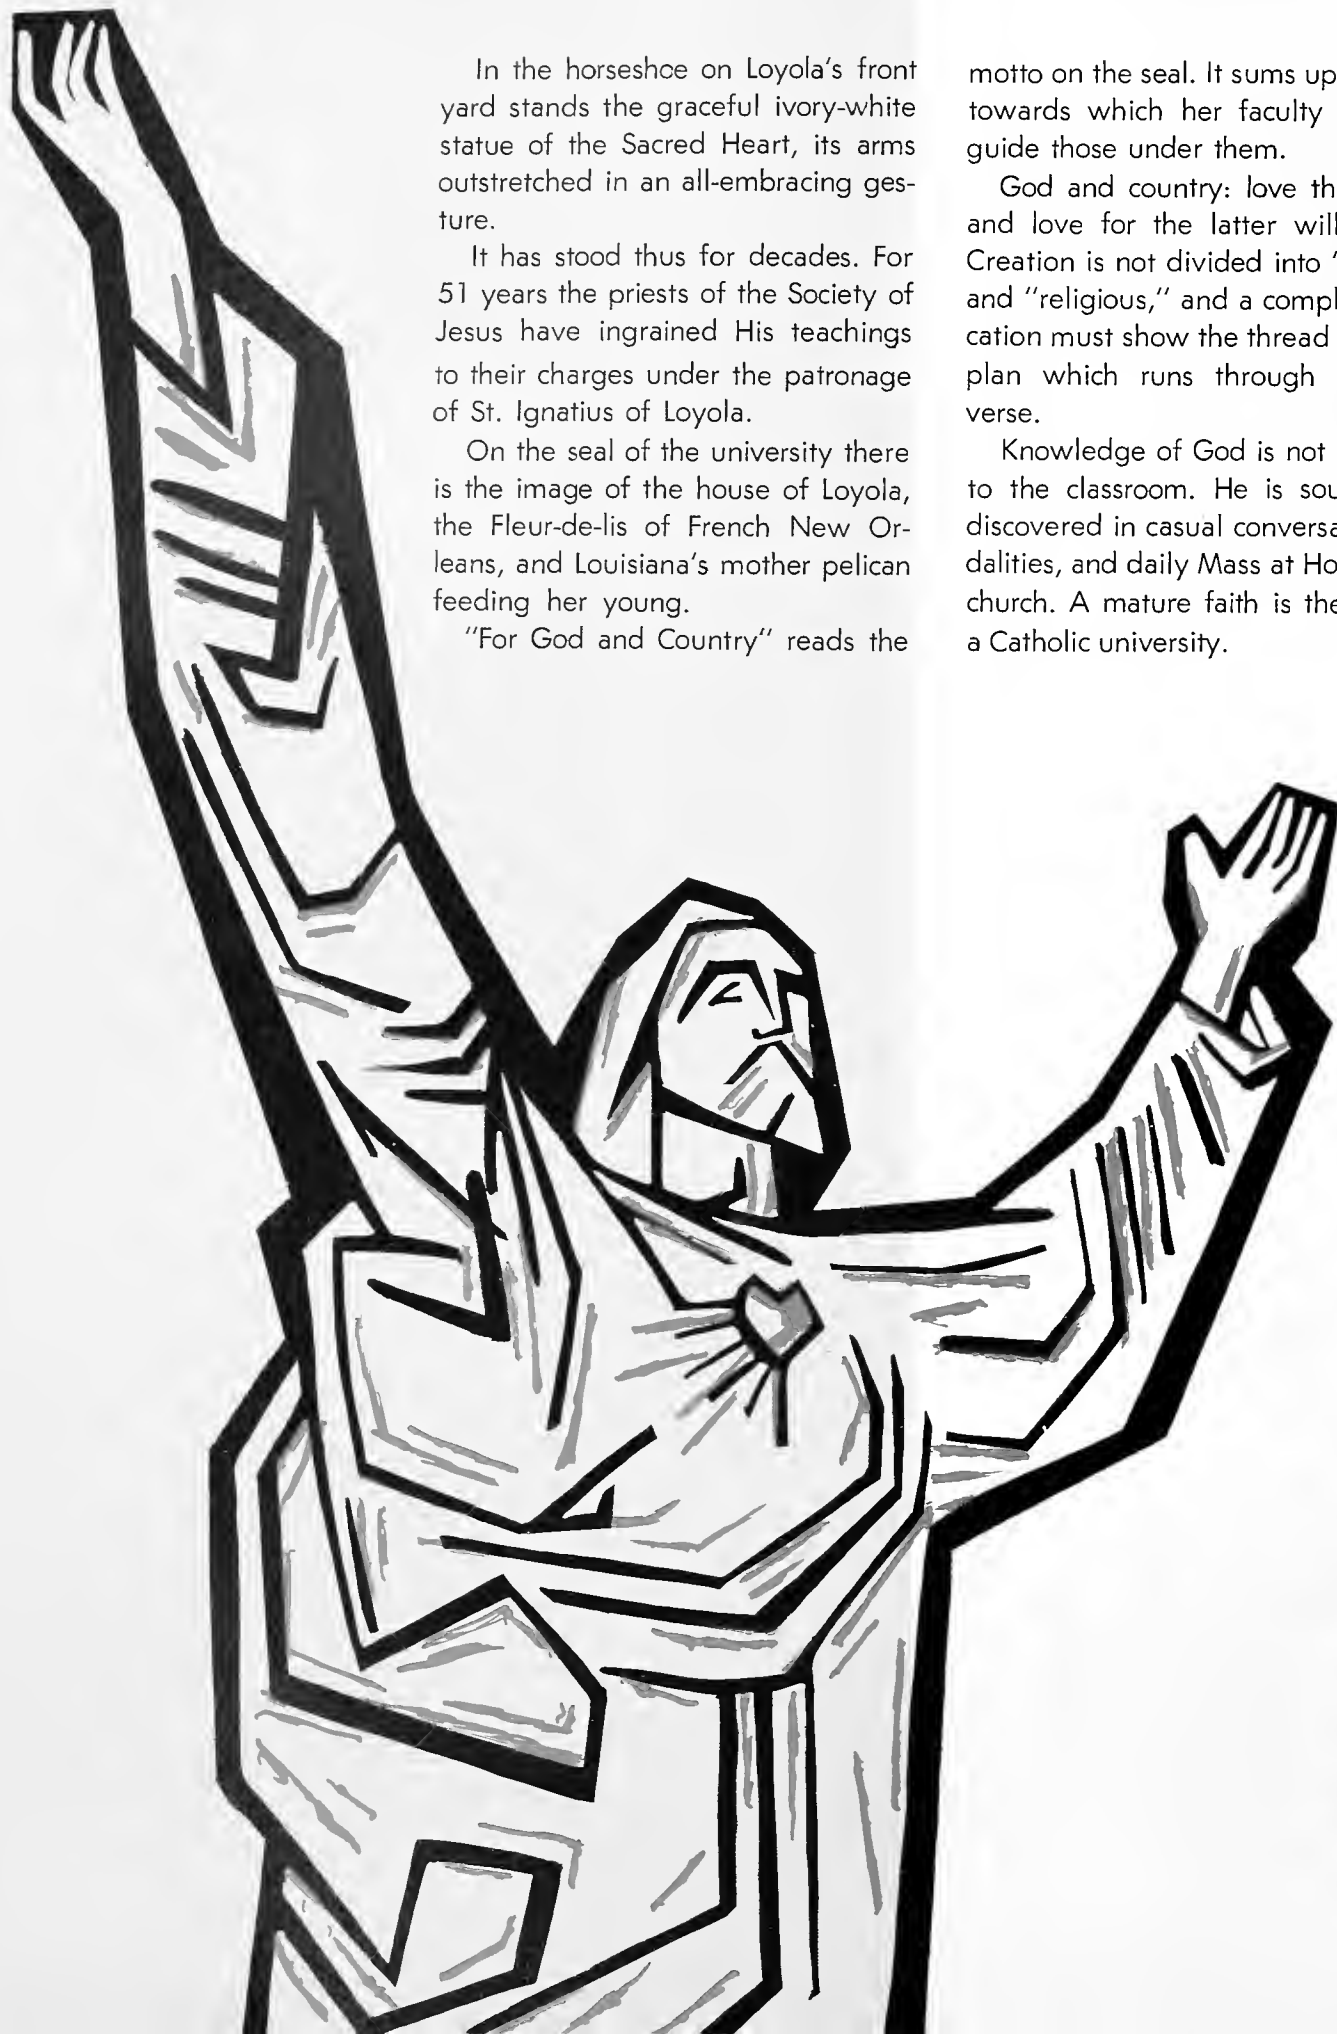

On the seal of the university there is the image of the house of Loyola, the Fleur-de-lis of French New Orleans, and Louisiana's mother pelican feeding her young.

"For God and Country" reads the

motto on the seal. It sums up the goal towards which her faculty seeks to guide those under them.

God and country: love the former and love for the latter will follow. Creation is not divided into "secular" and "religious," and a complete education must show the thread of God's plan which runs through His universe.

Knowledge of God is not confined to the classroom. He is sought and discovered in casual conversation, socialities, and daily Mass at Holy Name church. A mature faith is the goal of a Catholic university.

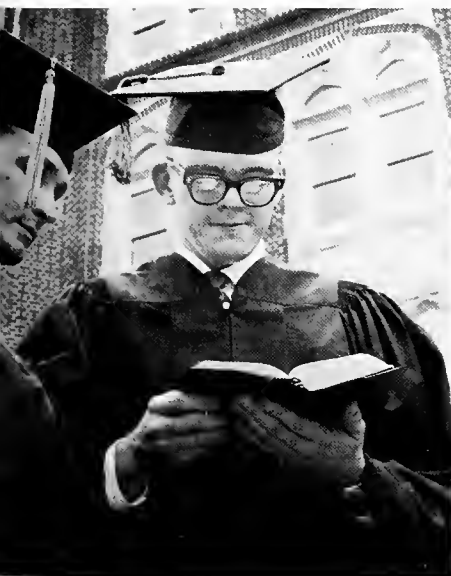

Beginning the 1962-63 school year on a spiritual level, Holy Name of Jesus church fills with faculty, seniors and freshmen asking God's guidance.

The Rev. Edward A. Doyle, S.J., distributes symbolic seals to the beanie-topped freshmen and keys to the seniors at the Key and Seal ceremony.

Noon Mass and Communion is a daily habit for many Loyolans.

The Jesuit and lay faculty attend Mass at Holy Name.

Eyes are on the altar and missals as Loyola students take part in the daily noon Mass at Holy Name of Jesus.

The Rev. Anthony C. O'Flynn, S.J., emphasizes an important point in his sermon at Mass.

Before the annual Mass of the Holy Spirit beginning the school year, the university chaplain administers the Code of Honor to the assembled freshmen. The Code sets standards regulating fair play, loyalty, respect for authority, and personal action.

These are the qualities Loyola wishes to instill into her students. To accomplish this end, she offers many opportunities, and it is symbolic that she begin each year with Mass in Holy Name of Jesus church.

Early fall is also the time for the Key and Seal ceremony sponsored by Cardinal Key honorary sorority. Each senior receives a key symbolizing success in the future and each freshman a token seal of the university.

The numerous sodalities on campus, formerly one for each school, are now effectively incorporated into three: the St. Thomas Aquinas of the colleges of business administration and arts and sciences, St. Cecilia sodality of the college of music, and St. John Berchman sodality of the college of pharmacy.

The university chaplain is the Rev. E. Paul Hecker, S.J.

The beauty of Holy Name church's gothic architecture is one of the things on campus in which Loyolans take pride.

Campus Life

Not until one has walked down a university path in the twilight of a Friday evening and listened to the silence of a deserted campus does he feel the essence of which campus life consists.

He knows then how his university years will exist in his future memory: unlike a yearbook sectioned off neatly, it will be a thousand sights and sounds, a million faces and sensations and thoughts and noises. It will be a veritable kaleidoscope of color and emotion covering four years, in which he was at least as many people in the ever-changing currents of his youthful self.

Recollected in the calmer waters of a mature mind, the memories of the college years will be as priceless as they are unreal. It will take turning of many pages of the university yearbook to bring the lovely pictures into focus. Oh yes, there's John; but doesn't he look young? . . . Ah, but the campus was so bare then . . . Who could have thought that I could be as timid as that with so mild an old man as that professor? . . . What struggles I had with such simple truths! . . .

And the volume closes, the pictures fade, and the kaleidoscope fold softly about us once more. But for a moment the past existed again as surely as the present. For those who work on a yearbook like the Wolf, the joy of creation such as this is an honor which makes the task infinitely worthwhile.

The ROTC Builds Men

The Army's ROTC unit plays a big and active role in the daily life of the Loyola male. In fact, it plays an important part in overall campus life. The ROTC trains its cadets in the art of leadership and that is what every Loyola man should possess. It teaches its cadets discipline and this, too, is what every Loyola man should have.

Cadet training not only consists of classroom instruction but also practical work on the drill field. Each Thursday members of the cadet battalion present their weekly ceremonial review and parade.

Lead, Serve

The Student Council is one of the most influential organizations on campus and its members rank among the top student leaders. Its main purpose is to serve as a liaison between the students and the university authorities and to maintain Loyola's traditions and customs.

To do this, it has legislative, executive and judicial power over the conduct and activities of students and organizations, except in areas where the dean of students has reserved to himself the prerogative of acting. The Council may also pass rules and regulations affecting conduct, customs, elections, ceremonies, celebrations, and organizations.

It sponsors the Sweetheart Cotillion, freshman initiation, all campus elections, and publishes a student handbook outlining campus life.

ADMINISTRATION

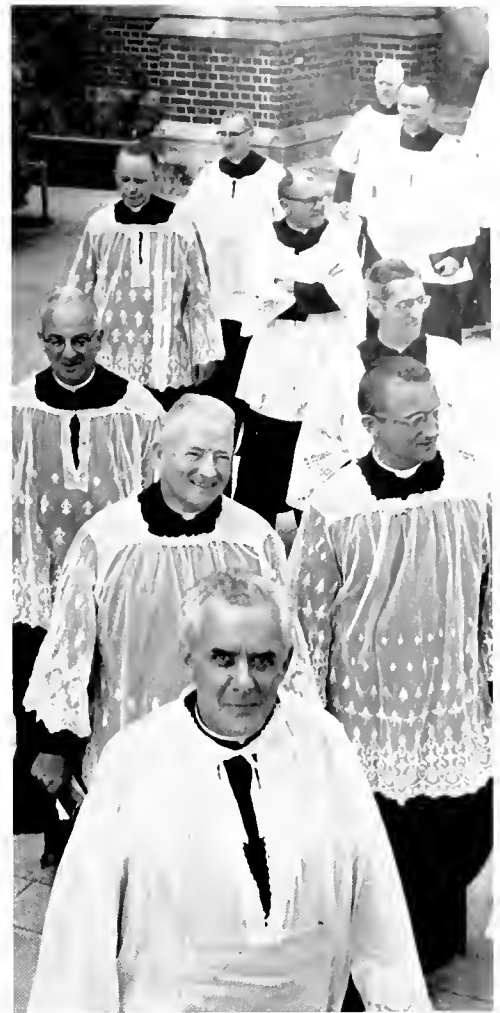

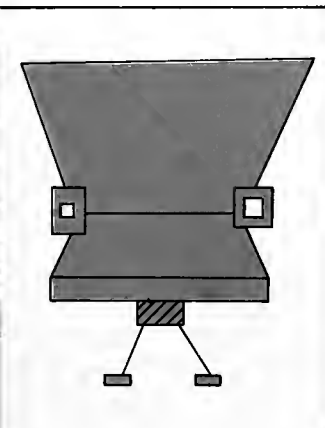

A holy moment

The administration of Loyola is made up of men and women qualified and respected in their various fields of education. Through their years of experience and genuine interest in their students they take as raw material a curriculum designed to educate the students in the sciences, humanities and religion and give it meaning and color through their own personalities and interest.

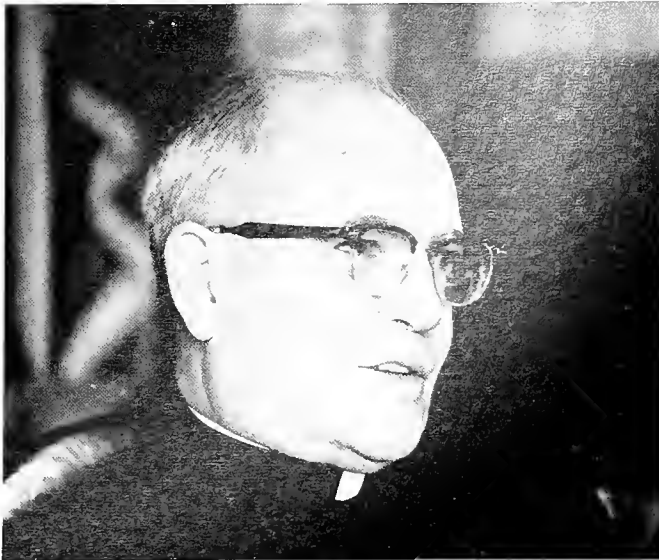

Many are the students who can attribute a successful career to the stimulus they received from a particularly dedicated, enthusiastic instructor. They can share wholeheartedly in a deserved tribute to the Jesuits and the lay faculty alike, who daily prove that teaching is among the most essential and rewarding of careers.

Jesuit faculty

President Is a Man of Many Talents

Loyola's eleventh president is one of those men whose accomplishments are so numerous and sit so lightly on his years as to make him slightly unbelievable. Smiling and friendly always, there is an air of unrushed efficiency about him that makes him the sought-after administrator that he is.

He is the Very Rev. Andrew C. Smith, S.J. A year after leaving the presidency of Spring Hill college in Mobile, for the presidency of Loyola, his first projects are beginning to take shape. Under him, the construction program, to give Loyola three major new buildings next fall, is underway. An Institute of Self-Study, which has divided the faculty into committees to study the purposes and needs of the university has been formed. The psychology department has been enlarged. The Loyola-owned radio station WWL became the Voice of America during the Cuban crisis and was commended for its work by President Kennedy.

Father Smith is a scholarly and dedicated man. "The purpose of a university," he says, "is to prepare young men and women to realize their potential as citizens of this world and the next."

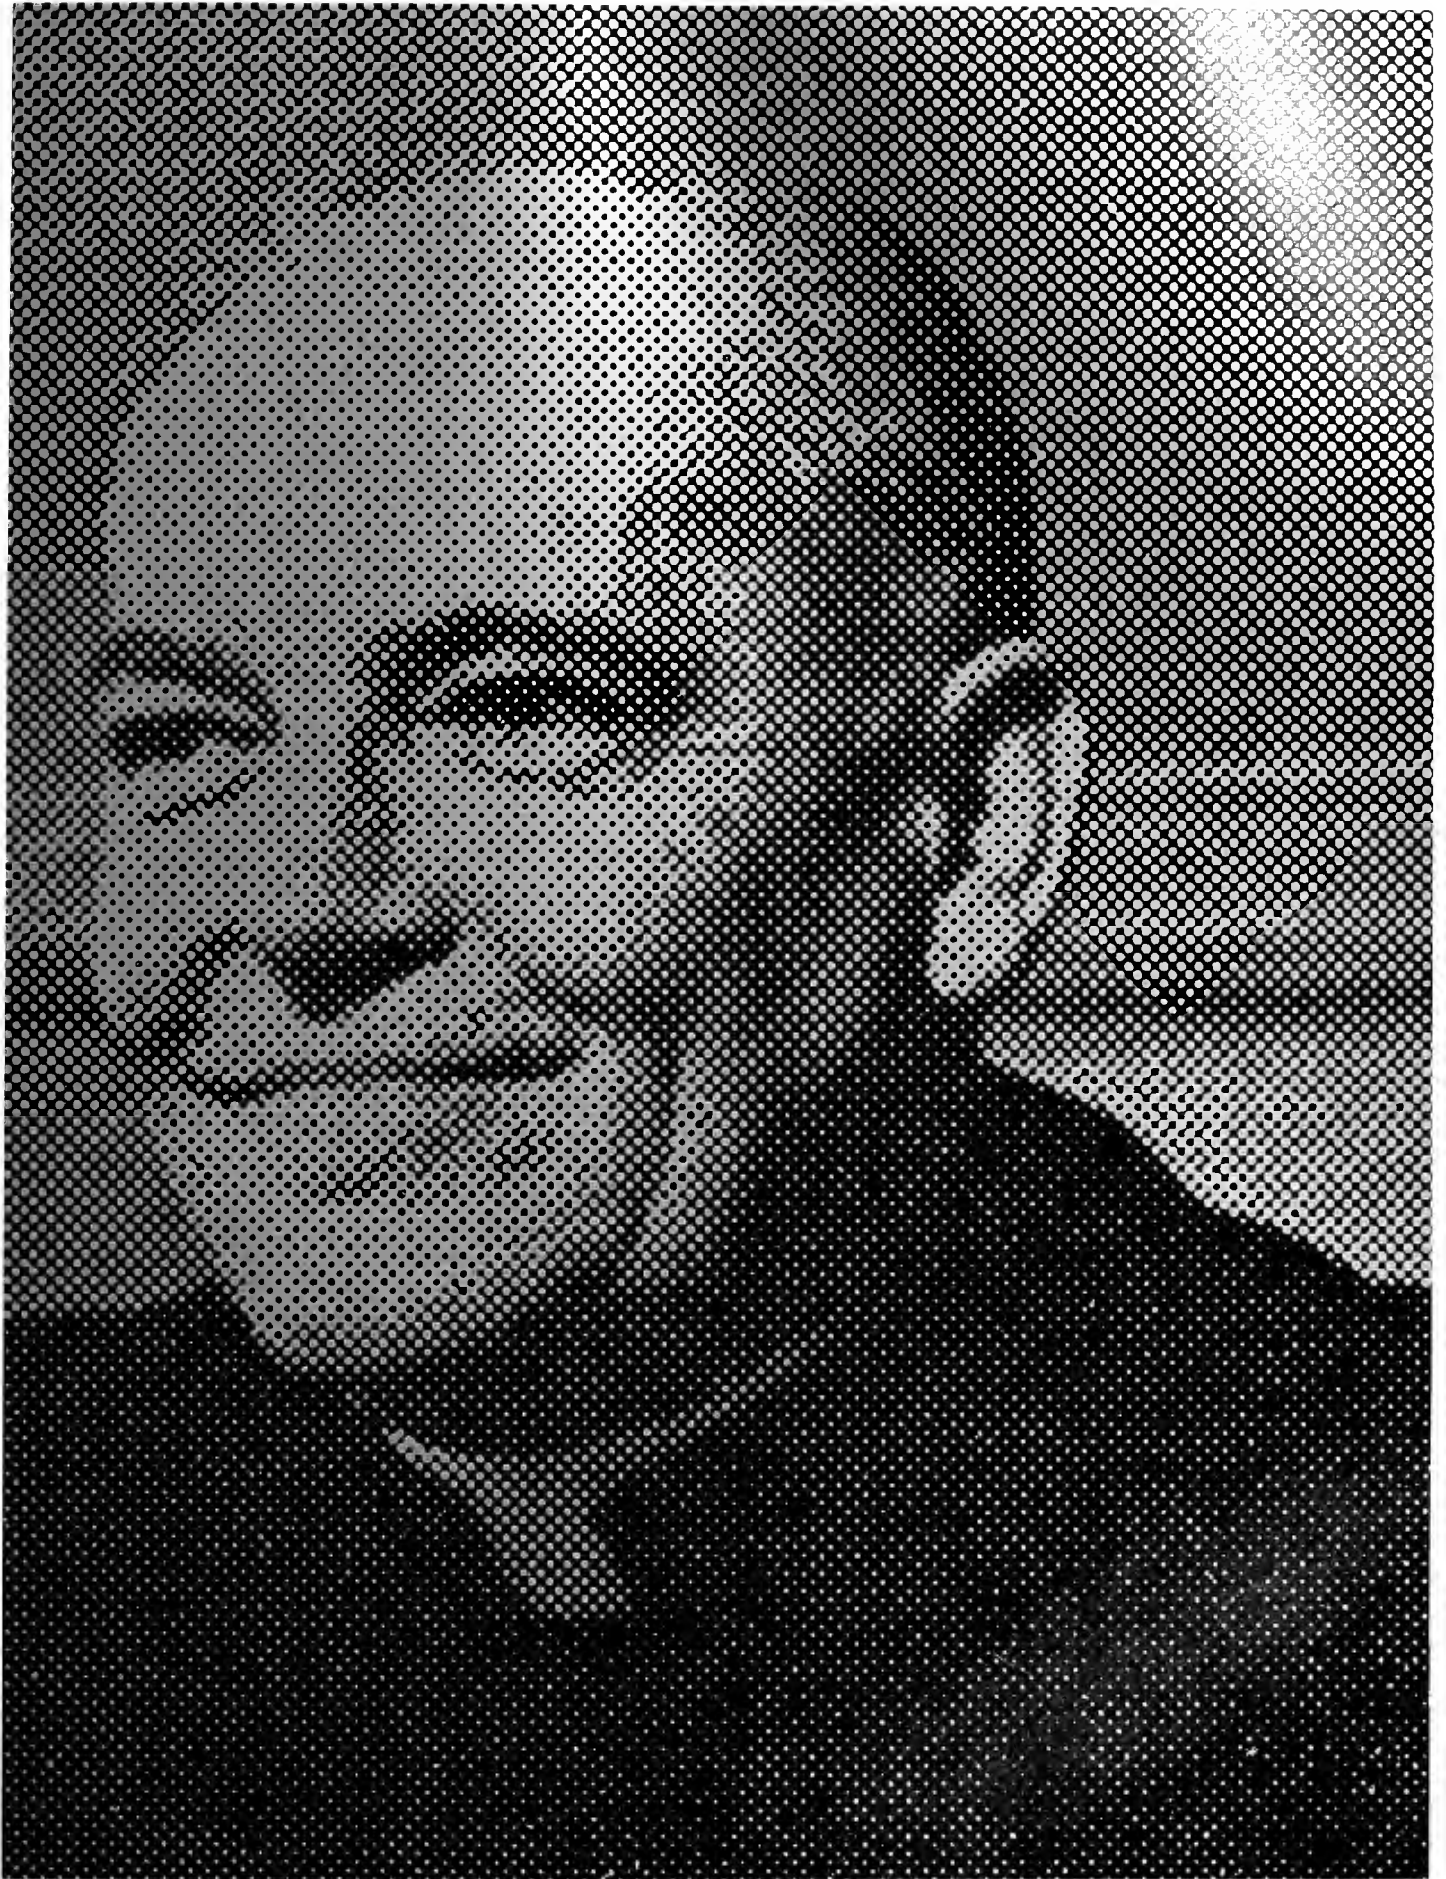

A man with a sense of humor, Father Smith says of his duties: "I just don't know what becomes of the time. I just obey my secretary when he tells me I must go here or there."

The president was born in Natchez, Mississippi, and entered the Society of Jesus in 1916. He was ordained a priest August 28, 1927, in Engheim, Belgium.

An English major, he has attended Spring Hill college, St. Stanislaus college, Gonzaga university, where he received a bachelor of arts degree; Catholic university, master's degree, and the University of Chicago, PhD.

Before attaining the presidency of Spring Hill, Father Smith was an instructor of English, a professor and chairman of that department, and dean. He was president from 1952-1959. He has also been Vice-Provincial of the South Province of Jesuits from 1960 to 1961.

Loyola's new guide has held many distinctions, including membership in Who's Who in America; the International Who's Who; Directory of American Scholars; Who's Who in Education, and Who's Who in the South and Southwest, the Modern Language Association, and the Society for the Advancement of Education.

The Very Rev. Andrew C. Smith, S.J.
President of the University

With the building program in various stages of completion around them, the Very Rev. Andrew C. Smith, S.J., president of Loyola, and the Rev. Edward A. Doyle, vice-president, stroll towards the fieldhouse deep in conversation.

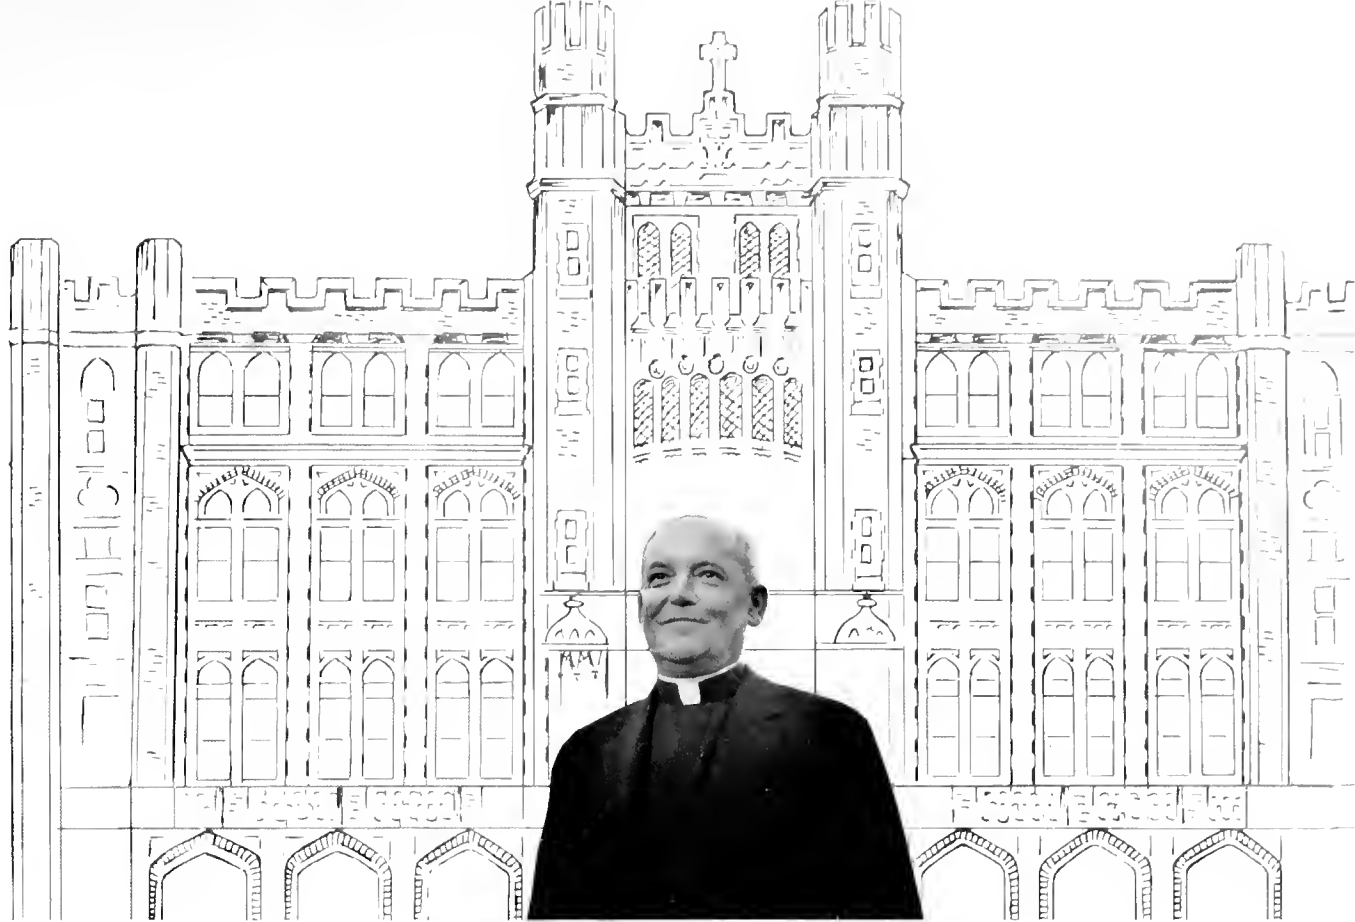

His face registering approval, Father Smith glances skyward to measure the progress of the new multilevel men's dorm.

Fr. Smith Enjoys Active Campus Role

Everyone loves a carol sing: wide-eyed children, doting parents, and oh, yes, university presidents. Father Smith chimes in with gusto at the caroling one frosty night.

With Marquette hall in the background, Father Smith makes an impressive figure as he stands in the Loyola horseshoe.

No stern-faced administrator in an ivory tower, Father Smith brightens his office, is always ready to receive a visitor or two.

Father Doyle left, and Father Smith are men who like to keep in touch with their projects literally on the ground level. Returning towards Marquette hall from the field house, they survey the trappings of the new building program.

The Rev. Edward A. Doyle, S.J.
Vice-President of Loyola

Vice-President Is Busy V.I.P.

As Vice-President of Loyola, he displays his ability for leadership and administrative work. In fulfilling this task he is often called upon to make major decisions, to represent the university in community and academic endeavors.

As dean of the college of arts and sciences, he has the heavy responsibility of guiding the college and its students. He must at all times be aware of what is modern and new in the field of education.

He is also an associate professor of education and a member of the Board of Directors.

Father Doyle entered the Jesuit order in 1935 and

was ordained in 1946 at St. Mary's, Kansas.

He earned his Ph.D. at Catholic university in Washington, D.C.

Also a writer, the versatile priest has written articles on educational and administrative principles for the Southern Jesuit and the Catholic university press. His current project is a book on the functions of the academic dean.

He is a member of Alpha Sigma Nu, Blue Key, and Kappa Delta Pi honor fraternities, who knew what they were doing when they lauded the friendly, devoted, dedicated dean.

Father Doyle takes time out to chat with a student during intermission of Blue Key Talent Nite.

Squinting in the afternoon sun, Father Doyle and Father President Smith pause in the horseshoe on their way from Marquette Hall.

After an inspection tour of worker progress on the new student center Father Doyle talks over the future plans for the buildings with Father Smith.

Loyola Secretary

Whether dictating a letter, surveying plans for the new building program, or doing any other of the many chores entrusted to the office of Secretary of Loyola, the Rev. Anthony F. Mangiaracina, S.J., is a model of cheerful efficiency in the best Jesuit tradition.

Also a member of the board of directors, Fr. Mangiaracina was born in New Orleans August 17, 1907, and attended Holy Cross high school. He received his Master's degree in philosophy at St. Louis university in 1935 and his S.T.L. in theology at St. Mary's, Kansas.

Ordained in 1941 at St. Mary's, he was an instructor at Jesuit high in New Orleans before coming to Loyola.

In charge of buildings on campus, Father Mangiaracina looks over progress of the student center construction.

The efficient and ever-busy priest carefully checks details to make certain mistakes and delays on the building program are kept to minimum.

Maintenance director Stanton Chassignac goes over blueprints of the future men's dormitories with Father Mangiaracina.

Loyola Treasurer

The Rev. Aloysius B. Goodspeed, S.J., is a busy man. In addition to his job as university treasurer, the Jesuit priest is on the Board of Directors of the university and is the faculty director of WWL radio and television stations.

New Orleans born, he received a masters degree in philosophy at Gonzaga university in Spokane.

From 1932-34, Father Goodspeed was regent of Loyola's college of music. He became principal of St. John's high school in Shreveport, then president of Jesuit high in Tampa, Florida. Returning to St. John's as Treasurer in 1953, he took over the same post at Loyola a year later.

In 1962, when the Cuban crisis exploded as one of the greatest "war scares" of the Atomic Age, WWL joined radio stations in taking over the "Voice of America" broadcasts, beaming the truth about the crisis to the Communist-held island of Cuba. A few months later, Father Goodspeed was among radio representatives to personally accept plaudits for their stations' performances from John F. Kennedy, president of the United States of America.

Father Goodspeed takes a moment from work to grin across his desk, in the treasurer's office on campus.

Personal thanks from the President of the United States are accepted by Father Goodspeed, as director of WWL radio, which beamed "Voice of America" broadcasts to the stricken island of Cuba.

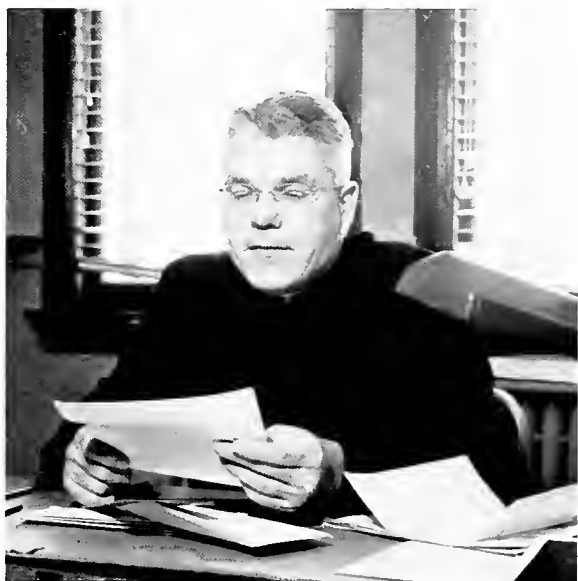

Well-wrapped against winter winds, the priest forms a familiar silhouette in campus quadrangle.

Holding the office of Dean of Students, the Rev. Robert L. Boggs, S.J., is called upon to make many decisions concerning student welfare.

Taking time out from his usual busy day, Father Boggs stops to answer his ever ringing phone and to listen to the problems of his caller.

Devoting his attention to some paperwork, the Dean of Students carefully reads one of the many letters he gets.

Dean of Students

He was born in Long Beach, Mississippi, and was ordained a Jesuit priest in 1948. He was doubly honored in 1949 when he gave the invocation in the Congress of the United States, for his brother is the Honorable Hale Boggs, Representative from Louisiana.

Father Boggs attended Jesuit high school in New Orleans, and four universities: Spring Hill, Alabama, St. Louis, Missouri, Fordham, New York, and Loyola, New Orleans.

He was principal of Jesuit high school in Tampa and prefect of discipline at his old alma mater, Jesuit in New Orleans.

The priest is a member of Blue Key and Alpha Sigma Nu honor fraternities.

Dean of Women

A model coed during her years at Loyola, Miss Rosalie J. Parrino remains invaluable to the university in her current post on the faculty as dean of women.

Miss Parrino, born in the Louisiana town of Bunkie, was Lambda Sigma Lambda president for two years and received the LSL "Outstanding Coed" award and the Marion award for outstanding Catholic activity while working towards her BBA degree.

Her interest in counselling began when "I was a counsellor for five years at Camp Maryhill in Alexandria. My work with people there and my experience brought me into this field."

A member of Cardinal Key, national honor sorority and Beta Alpha Epsilon Alumnae society, Miss Parrino also holds memberships in the National Association for Women Deans and Counsellors, the Louisiana Association of Deans of Women, and the Loyola Alumni association.

A smiling face and a warm sympathetic heart are characteristics of the Dean of Women, Miss Rosalie J. Parrino who serves her office with efficiency and zest.

The telephone seems to never stop ringing in the office, but Miss Parrino answers each call cheerfully.

Miss Parrino takes a personal interest in her coeds. She acts as a personal confidant and friend to all the Loyola girls and is always ready to help and advise her coeds.

Director of Admissions

For two years Miss Carmel V. Discon has been Director of Admissions at Loyola, but she is no green newcomer to the university; she was registrar for 24 years before rapidly snowballing enrollments made necessary the creation of a special department of admissions.

A native of New Orleans, Miss Discon has a bachelor of arts degree from Sophie Newcomb college and a master of arts from Tulane university where she held a fellowship in Latin. She is a past president of the Louisiana Association of College Registrars.

University Registrar

As head registrar Henry O. Cazentre deals with the knotty problems of fitting Loyola's 3000 students to their respective schedules.

Before coming to Loyola, Mr. Cazentre was a teacher of English and speech at De La Salle high school and admissions counsellor at Louisiana State University in New Orleans. He is presently working toward his Master's degree in education at Loyola.

Cazentre is also the proud recipient of the Legion of Merit award, the highest military award bestowed in peacetime.

Chaplains of the University

Guiding the spiritual life of the Loyola student are the chaplains of the university. They are always willing to listen to problems of the students and to offer counsel and guidance. Under the direction of the University Chaplain, Father Hecker, they keep retreat records and other records for the spiritual well-being of the Catholic student.

As university chaplain Father Hecker spends much of his time keeping student retreat records up to date.

Public Relations

Loyola university is no shrinking violet, no diamond in the rough. Knowing that she is a worthy institution of learning, she shares her enthusiasm with the world through her Public Relations department, which furthers and enhances her reputation on a local, national, and worldwide basis.

To this end Public Relations produces a radio program, *Education Today*, on which Loyola professors speak on various problems in education, and a television program, *Loyola Outlook*, with discussion topics of more general interests.

The office also sends circulars on Loyola life to about 200 Catholic schools around the United States, issues vocational guides written by professors in the various departments of the university, and writes articles of news and feature interest about Loyola for newspapers and magazines.

In this job of plugging the university Loyola is fortunate in its Public Relations staff—all loyal hard-working alumni of Loyola.

REV. LOUIS J. TWOMEY, S.J.
Director

Servicing the working community of New Orleans, the Institute of Industrial Relations is a non-academic department of Loyola. Its main job is the conducting of adult education courses in the field of labor-management relations.

Other activities of the Institute include lecture series on Communism and the Papal Social Encyclicals as well as special seminars on current industrial problems.

Its newest division, begun in April of 1962, is the Inter-American center designed to aid Latin American leaders in the building of democratic social institutions.

The largest college on campus is arts and sciences with an enrollment of 869.

It offers degrees in such varied fields as speech, journalism, physics, education, chemistry, biology, and psychology, attempting in each case to produce the mature development of the students through a carefully integrated liberal arts curriculum.

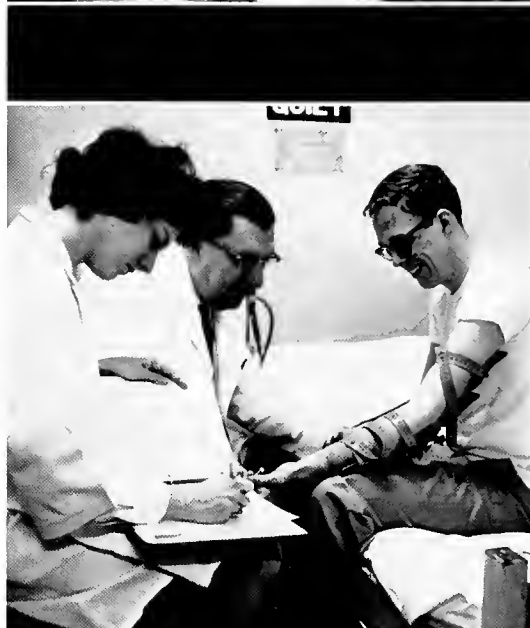

John E. Harrigan of the psychology department headed a child guidance clinic, open to the public, with its primary goal the assistance of parents with the modification and control of delinquent behavior in children.

Inauguration of a honors program and revision of all chemistry major programs was announced by the Rev. Homer R. Jolley, S. J., departmental chairman. The revised curriculum conforms to new standards recently set down by the American Chemical Society Professional Training committee. Students participating in the program will be able to select a wide range of advance courses in their senior year and be better prepared for graduate studies or work in chemical industry.

John Harrington aids a small boy in the psychology department's child guidance clinic.

COLLEGE OF ARTS AND SCIENCES

A & S Dean

REV. EDWARD A. DOYLE, S.J.

Some time before graduation, most students in the college of arts and sciences come to regard their dean, Rev. Edward A. Doyle, as a personal friend.

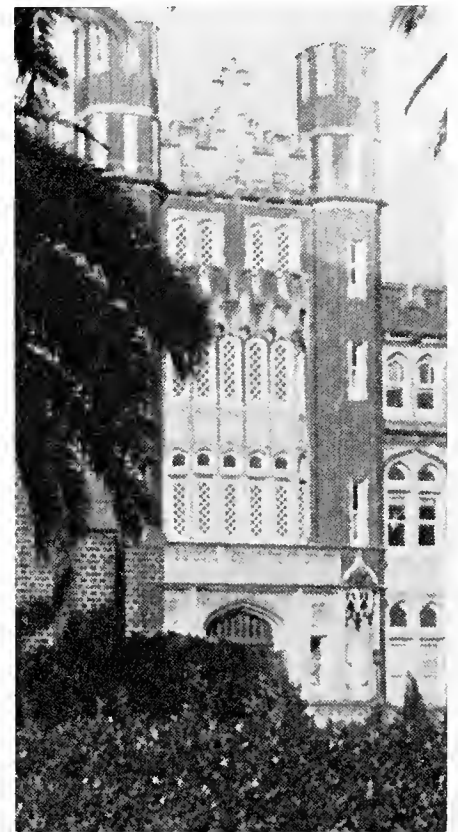

A man with a warm magnetic personality, he takes a special interest in each individual, especially those whose fields of concentration lie in his section of the university. Father Doyle often takes time to chat with students, inquire after their affairs, to offer a word of encouragement or to tell a good joke.

Father Doyle's schedule reflects his almost unbelievable vigor. This year, for instance, he found time to take over the teaching of a senior theology class, besides handling the duties that go with the offices of dean of A&S, dean of faculties, and vice-president of the university.

The necessary evils of registration provide a hectic time for both dean and student. Father Doyle takes extra time with each footsore freshman.

Evening division director, Dr. Raymond P. Witte, takes time to go over problem with day student Donna Viviano.

Evening Division

Registration for night students is as gruelling as it is for daytime scholars.

While evening division is open to daytime students, its chief purpose is to provide for the further education of those who already hold daytime jobs.

It is designed not only for students desiring to expand their field of knowledge in varied or specified fields. It offers degrees and courses in both arts and sciences and business administration.

Night school students have the chance to participate to a great extent in characteristic collegiate life. They elect one maid for the Homecoming Court and are fully represented on the Student Council.

The student body and the university suffered a great loss early in 1963 with the death of James Skiffington, president of the Evening Division. Skiffington, a tremendously admired leader, was respected throughout the campus.

The 34-year-old honor student had been on the Student Council for two years. In 1962 he was president of Blue Key, national honor fraternity. He belonged to Alpha Sigma Nu, Jesuit scholastic society, and the Holy Name of Jesus society.

Members of the faculty and students alike mourned this young leader's untimely death as a result of a heart attack. Scheduled to graduate next year, he was working towards a Bachelors Commercial Science degree in the Evening Division.

The day is past when the business world is content with a well-trained cog in the company machine. Success in business now and in the future depends on an education in the humanities as well as the ingraining of social, religious, cultural standards.

And this is what the college of business administration has offered its students since its beginnings in the department of economics, which was founded in 1926 by Dr. John Connor. Its objectives are to meet and solve the perplexing and varied problems in business.

Attaining the status of a college in September of 1947, business administration today boasts an enrollment of 318. Dean Henry J. Engler, Jr., heads the college located in Stallings hall.

COLLEGE
OF
BUSINESS
ADMINISTRATION

BA Dean

Mr. Henry J. Engler, Jr. is dean of the college of business administration. One of the most dynamic men on campus, he has, in addition to his educational and administrative duties, written many articles, two books, and delivered innumerable speeches. He is a member of 41 organizations and has held offices in 16.

Dean Engler was born in New Orleans in 1916. He received his masters degree in business administration at Harvard university and held several public positions before joining the Loyola faculty in 1949.

DEAN HENRY J. ENGLER, JR.

Dean Engler honors students Noel Phillips and Gene Smythe.

SCHOOL OF DENTISTRY

The only dental school in Louisiana and its neighboring states, Loyola's school of dentistry has won national acclaim for its excellent curriculum and outstanding graduates.

Founded in 1914 by Dr. C. Victor Vignes, the school has a 1962-63 enrollment of 221. It conducts clinics on campus which administer to 60,000 patients a year and sponsors an out-patient clinic in Charity hospital. Recently included in the school is a two-year dental hygiene program.

The future dentist, with a long period of training ahead of him, becomes almost a fixture on campus. Sunning himself on the benches outside the cafeteria is brief respite between stiff courses, practical work, and self-discipline for the white-coated student.

Dentistry Dean

Dr. Frank J. Houghton, dean of the school of dentistry since 1951, is a transplanted Northerner from Jersey City, New Jersey. He arrived at Loyola in 1951.

He attended Seton Hall college and the Baltimore College of Dental Surgery where he received his degree of doctor of dental surgery as "outstanding grad."

Before coming to Loyola, Dean Houghton was head of the dental department of the Jersey City medical center. He holds membership and honors in many organizations.

Dental Hygiene Supervisor

Miss C. Edna Perez is the energetic young supervisor and assistant professor of the department of dental hygiene. A native of New Orleans, Miss Perez attended John McDonogh and F. T. Nicholls high schools, then traveled north to the University of Kansas City for a certificate and bachelor of science degree in dental hygiene.

Miss Perez worked in private practice and later as a clinical instructor in the school of dental hygiene in Kansas City. She returned to New Orleans in 1960 to inaugurate the department of dental hygiene in the Loyola school of dentistry.

Future lawyers learn the fine letters of the law.

Law students listen as professor cites some legal cases.

Law student selects legal tomes from the extensive law library.

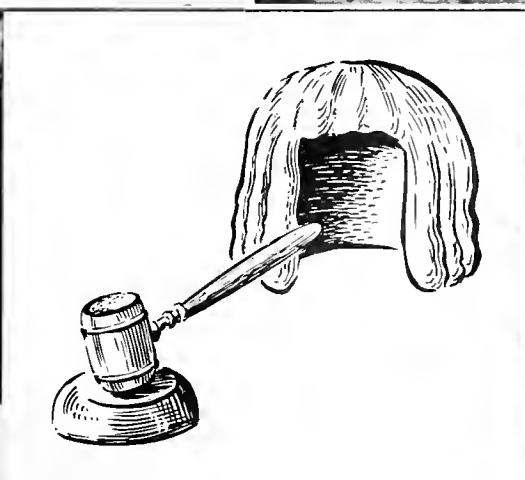

SCHOOL OF LAW

The profession of law has always held a romantic fascination for men, conjuring up visions of sturdy oak paneling, quiet libraries, crusading district attorneys, and soft-spoken Atticus Finches fighting for social justice. Judging from its exterior, the graceful dignity of the school of law fits the picture well.

Inside, it is something of a different story. For law is also a difficult field to master, with hours of study and research, with effort to learn to voice one's opinion so as to sway mens minds, with heavy responsibilities.

This Loyola's law school teaches its students, who must complete a well-rounded undergraduate program before undertaking the three-year climb to a law degree. Study is a more serious matter than ever before, but a legal education at Loyola is not confined to the class room. The student gains actual experience through such activities as Moot Court, the Student Council, and the Edward Douglass White debating society.

High as its reputation is, the standards of the school of law are higher.

Law Dean

Mr. Antonio E. Papale, dean of the school of law since 1952, received his A.B. in English from the University of Pennsylvania, and his L.L.B. from Catholic university in Washington, D.C. He is also the holder of an honorary L.L.D. from Xavier university of New Orleans.

In addition to his career as both professor of law and dean of the law school, Dean Papale is a writer of articles for the Loyola Law Review as well as the Northwestern Law Review and the Journal of Legal Education.

DEAN ANTONIO E. PAPALE

The school of law is located in St. Thomas More hall on St. Charles Ave.

Many hours are spent poring over law volumes in the library.

Sometimes it's easier to give up taking notes and just sit and listen.

A good habit to get into is regular checking of bulletin boards.

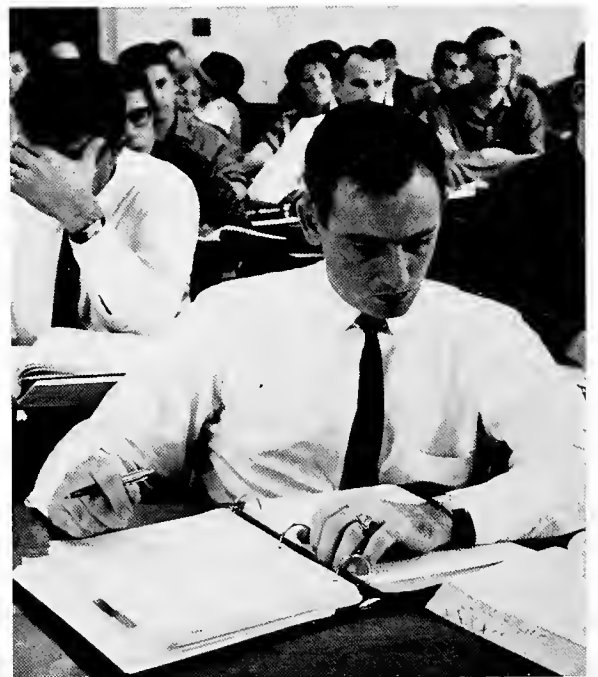

The stage is set for the annual Moot Court case, acted from crime to trial with utmost realism.

Memorization and concentration are tough, but a necessity for the law student.

COLLEGE OF MUSIC

COLLEGE OF MUSIC

Music students consult their professor concerning a difficult composition.

The joyous sounds of the study of music have echoed within the Loyola college of music since 1919, when it had its beginnings as the New Orleans Conservatory of Music and Dramatic Arts. In September 1932, Dr. Ernest E. Schuyten of the conservatory was appointed by Loyola to found the college of music and later became its first dean.

The college, the students of which number 52, houses a university chorus, orchestra and band, opera workshop concentrating on music, text, and stage direction, a chapel choir for the purpose of promoting Catholic sacred music, the Loyola Salon, and a number of music organizations.

The music students, with meagre spare moments, enjoy congregating over a cup of coffee or a coke. But conversation always runs from recent concerts to discussions of new records. Theirs is a lifelong romance with melody.

Band director George Jansen conducts.

Music Dean

Smiling, pleasant-voiced Mr. Michael J. Carubba has served as acting dean of the college of music for two years.

A native of New Orleans, he began teaching music at the university in 1957.

He received the degree bachelor of music from Loyola in 1949, and went on to receive a master's degree in music and a masters in music education in 1951 and 1952.

Though a lover of classical melody, Dean Carubba is not narrow-minded in his appreciation of music. He is an enthusiastic collector of both classical and modern jazz records.

DEAN MICHAEL CARUBBA

This building houses the college of music, situated on the corner of Calhoun and St. Charles Ave.

Complete solitude is the best asset to effective practice.

Lengthy practices at organ are rewarded by beautiful melody.

Melodic Strains Runs Rampant

A lovely setting for conversation and thought is the front parlor of the music building.

To become a proficient musician, one must be willing to practice long hours between daily lessons.

The Loyola band, led by director George Jansen, plays for many Loyola functions.

COLLEGE OF PHARMACY

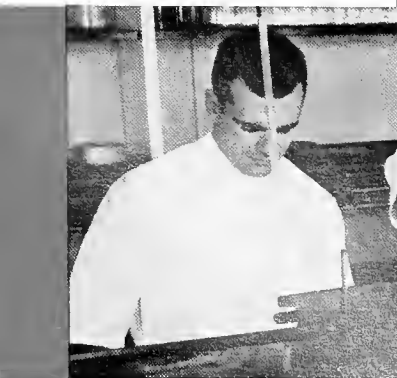

The hope of the dedicated pharmacy student is that man may one day conquer disease, and that to this end he can devote himself, and thus contribute his share to society.

It is a large order and a problem which has not been solved in the history of man. Looking at the great advances which have been made, however, the pharmacy student has good reason for optimism.

Long training goes into the development of a new pharmacist. The curriculum of the college of pharmacy prepares the student for the duties of a retail pharmacist or hospital pharmacist, an analytical chemist in pharmaceutical or food laboratories or for employment in various branches of federal, state, and municipal service.

Although Loyola provides him with a well-rounded college education, the student's studies center around chemistry and, naturally, pharmacy. He spends long, tedious hours poring over complicated formula, powdery chemicals, and large masses of equipment, because he knows that they are his prime weapons in his relentless war with disease.

Student druggist mix and weigh.

Salvador DeSalvo weighs a portion of compounds during a lab exercise.

DEAN EDWARD J. IRELAND

Pharmacy Dean

Dr. Edward J. Ireland, dean of the college of pharmacy, has been for 23 years both a devoted servant of Loyola and one of her greatest assets.

Dr. Ireland, a native of Victor, Colorado, received his doctorate at the University of Wisconsin. He taught at the University of Florida before joining Loyola's staff in 1939 as a professor of pharmacognosy and pharmacology.

A co-founder of the Louis J. Dufilhe Historical Pharmacy museum, Dr. Ireland belongs to many honorary and professional organizations.

The telephone plays a big part in the efficiency of the dean's office.

Studying the Elements That Cure Man

Cautious hands carefully assemble delicate chemical test.

One slip-up and the whole experiment is ruined.

Students learn the use of the characteristic mortar and pestle.

Pharmacists must be familiar with every bottle on every one of those shelves to be sure what they do is correct.

LT. COL. HENRY J. FEE
ROTC Commandant

The United States Army maintains Loyola's ROTC program for the purpose of selecting and training qualified students for commissions in the Army Reserve. The ROTC program is conducted by a cadre staff of highly trained and professional Army personnel for the accomplishments of this purpose. Loyola ROTC unit is staffed by four commissioned officers and six non-commissioned officers under

the command of the Fourth Army at Fort Sam Houston, Texas. Cadre officers direct and conduct the training program and all other administrative requirements necessary to operate as an individual unit. Loyola's unit was instituted in July of 1947 as Military Police corps and remained such until 1955 when it was changed to its present status of a General Military Science program.

Summer Camp

Cadet Carl Ruch tries his hand at washing pots and pans on KP duty at GMS summer camp. Here Ruch scrubs a thermo container.

For the 42 advanced cadets from Loyola it was their first experience with real military life. They had learned what it would be like in the classroom, but somehow things weren't always like you learned. The routine of army life was rough at first, but soon the Loyola cadets adjusted and ended the summer camp with the best record of summer camp performance recorded by the university. This year summer camp was held at Fort Sill, Oklahoma. At the six weeks camp cadets learned to fire infantry type weapons and put into practice the tactics and map reading skills they learned in the classroom. It was a rough six weeks and cadets were treated as any regular soldiers. They pulled KP, guard duty and many other assigned tasks needed to run an efficient unit.

Many hours are spent on the rifle range training cadets to become expert marksmen. Here Cadet Edward Cronin fires the M1 rifle on the train-fire range.

Cadet Dennis Yeager and A&M Cadet John Layton practice firing the 50 caliber machine gun. Cadets are taught to fire both semi-automatically as well as automatically with the machine gun.

Weekly drill is commanded by the cadet battalion under the supervision of the cadre officers. To be chosen for the staff means a senior cadet has reached the top in military proficiency. Cadet staff officers are *top row (left to right)* Cadet Captain Henry Gabb, liaison officer; Cadet Captain Fred Ketchum, adjutant; Cadet Captain Paul Ayo, intelligence and Cadet Captain Sam Carriere, supply. *Bottom row (left to right)* are Cadet Major Ken Aucoin, operations and training; Cadet Col. Mike Zelden, battalion commander; and Cadet Major Jack Dardis, executive officer.

Drill Impressive Show

Promptly at 3 p.m. every Thursday a loud, crisp command to "fall-in" rings through the quadrangle and Loyola's cadet battalion pops to attention. The 500 man unit in spit shined shoes and freshly starched khaki uniforms highlighted by gleaming brass makes an awesome sight for on-lookers and bypassers. From there on things move in snap military manner. The unit band strikes up a march and the battalion begins to move out of the quadrangle across historic St. Charles ave. into Audubon park. In the drill area the battalion prepares for the usual inspection by cadre and cadet staff officers. After that it's drill under the shade of the moss covered oak trees or preparation for some coming event. The two hour drill is climaxed by a battalion review and the selection of the best company. Esprit de Corps runs high and each unit does its best to claim the "Best Company" banner for its guidon at next week's drill.

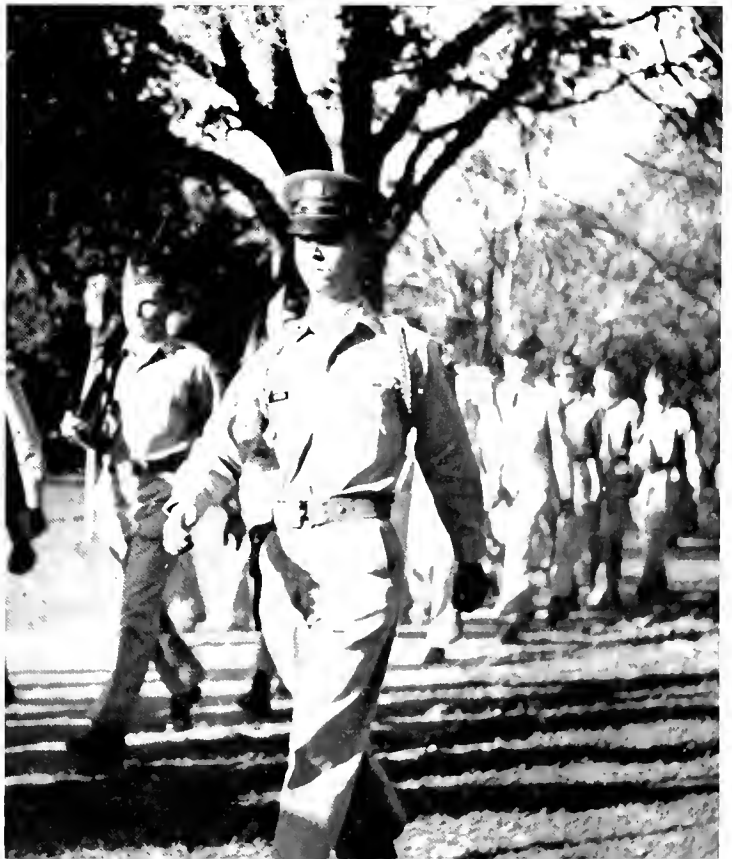

The battalion Sgt. Major Eric Timmreck assists the company First Sgt. in the preparation of attendance and other reports.

ROTC's marching band, with brightly polished brass instruments, dazzles in the sun as they lead the battalion out of the quadrangle to Audubon park.

Cadets wipe the dust off of their shoes, straighten their uniforms in the few free minutes just prior to inspection. Cadets are "gigged" for deficiencies in their personal appearance.

A Pershing Rifles guidon bearer knocks the dust off of his boots before the inspection.

Drill Conducted in True Military Manner

Col. Fee checks a cadet's rifle for rust, dirt or lint. Rifles must be spotless and the wooden stock shiny.

Sgt. Campbell makes adjustments to the amplifier for the sound system used for announcements during battalion drill. The sound equipment is controlled from truck assigned to the unit.

In perfect step this platoon marches down the bridle path in the park toward the drill area. The path is also used for that march back to Loyola after a tiring two hours of drill.

Cadets Pick Coed Sponsors

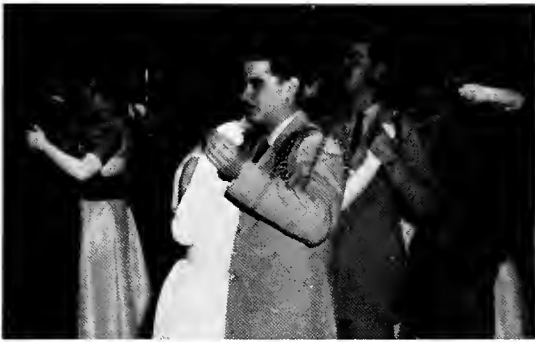

Each year the cadet battalion selects a senior Loyola coed to serve as the battalion sponsor or "Little Colonel." Likewise companies within the battalion selects a coed sponsor for their unit. The coed sponsor is given an honorary rank equal to that of the commander of the unit of which she is sponsor and represents the unit at social functions or wherever that feminine touch is needed for an occasion. The Little Colonel and the company sponsors were presented to the Battalion at the Military Ball.

Unit sponsors are from left to right, Madelon Klinger, company D; Gail Richards, company C; Carolyn Meyer, company B; Jenny Dell'Osso, Little Colonel; Jane Gunter, company E; Tek Bassham, company A; Elizabeth Handlin, Band; and Vickie Curtis, Pershing Rifles.

Rangers and Rifle Team

Both the Rangers and the Rifle Team are voluntary activities within the ROTC program. The Rangers was begun last year under the direction of Captain Riley as a program of physical fitness. The Rifle Team, a much older group, continues to win honors for itself and the school through its long record of top marksmanship.

Rangers crouch down in this exercise that is designed to move just about every muscle.

The Rangers receive judo instruction as part of their regular fitness program.

Push-ups is still the King of Exercise.

ACTIVITIES

From the first day of the fall semester to the last of spring, Loyola is humming with activity in all directions. The year begins, of course, with orientation, that bewildering week which acquaints the freshman with campus life and tests his mettle at initiation and the Jambalaya party.

Throughout the year there are series such as the Philosophy club lectures and the Film Series. The dramatic club, Thespians, stages well-done workshops and full-scale productions such as "The Importance of Being Earnest." Fund drives are held for the missions in which clubs do such novel things as auctioning off "Mystery Men" and raffling bottles of Tequilla for the good cause.

The main event of every year is Homecoming, when a Queen is chosen, a ball held, Talent Nite won, and a ball game fought.

Frosh have it rough for a while.

Setting the stage for Talent Night.

Frosh Invade

A beanie is an essential item for any college freshmen. Here, a group of Loyola frosh try on some for size in the campus bookstore.

"Go right over there and fill out those forms," the dean's secretary tells a confused freshman. Most frosh find that registration is bewildering.

Registration lines are almost too long for a freshman to bear. There are seemingly a million stops and checkpoints such as this one with Father Doyle. Well, after this point there are only about two more hours of waiting in line.

Orientation is a week to be enjoyed and endured. The freshmen were introduced to Loyola life and spirit with activities ranging from the opening Mass of the Holy Spirit to hayrides, swimming parties and a sock hop.

But there were also the interminable long lines, sore feet, forms and blanks to be filled out. It was all made worthwhile by the knowledge of the new friends and life to come.

A bunch of weary faces show the ordeal of the freshmen at orientation.

Faculty members are always available for consultation about scheduling problems. Here Dr. Eberle helps a questioning student.

Father Doyle checks every schedule for accuracy.

Jack Dardis, Student Council president, chats with frosh about student politics and campus life.

Bookstore Lines

One of the most familiar haunts of the Loyola undergraduate is the bookstore.

Situated in the basement of Marquette hall, it is the scene of hour-long waits for new books at the beginning of the school term. Here are bought the inevitable blue books, rulers, ball points. Here is a favorite meeting place.

Here the learning of the ages can be purchased with a five-dollar bill.

Buzzing with book-minded students, the Loyola bookstore is usually a beehive of activity. Stocked with a variety of items from paper clips to "A Freudian Primer," it is a mecca for students who must make frequent pilgrimages in order to purchase materials for classes.

"The same thing happened to me," asserts a pretty coed in the midst of bookstore paraphernalia. This goes to prove the gentle sex find time to chitchat anywhere, anytime, even in the busy bookstore.

Spending that long green stuff called cold hard cash, alias money, students ring up quite a bill on ye old bookstore cash register. Empty pockets breed rich minds, saith the Wolf philosopher.

Seniors proceed to invoke the inspiration of the Holy Spirit at a mass dedicated to the third member of the Trinity. Loyola begins each school year with the Mass of the Holy Spirit to ask his blessing and seek intellectual inspiration and moral support for the academic year.

The Jesuit faculty members file out of church after attending the Mass. Faculty like students sought spiritual guidance and the blessing of the Holy Spirit at the mass.

Mass Opens Year

Law senior Anthony Fleming consults his missal for the day's gospel as the seniors in the procession march into Holy Name church for the Mass.

College is a glamorous world to the freshmen. They have looked forward to this new adult life of learning and socializing for years. The seniors feel similarly about graduation.

At the annual Mass of the Holy Spirit, celebrated by the Very Rev. Andrew C. Smith, S. J., university president, in the Holy Name of Jesus church, they were reminded of something else: Loyola students are also trained to become leaders in the Catholic faith.

The mass officially marked the beginning of the 1962-63 scholastic year at Loyola. The Rev. Anthony C. O'Flynn S. J., assistant professor of theology, delivered the sermon and the Rev. E. Paul Hecker, S. J., administered the Code of Honor to the freshman.

'Hell' Back in Hell Week

Hell Week, 1962, the year initiation returned to Loyola, saw bunnyhopping freshmen in beanies and suspenders and coeds with not a dab of makeup endure a week of carrying books, balancing eggs, bowing to "elders," and singing endless choruses of "Dixie."

The spirited Frosh revolted, hung an upperclassman in effigy! Inevitably on Friday, however, they received their comeuppance just before the Jambalaya. Outside of the fieldhouse they were led blindfolded up hill and down around the mounds of dirt piled high by construction work, pelted with eggs and oatmeal by the sadistic sophs. But the freshmen bore it all with courage.

Branded with the undesirable stigma of freshmen, a hapless coed prefers to remain anonymous, and walks away from the photographer. However, she was persuaded to display her "scarlet letters."

It's "clean the deck" duty for A&S frosh, Walter Sagrera, left, and George Wiegand as they obediently scrub and rub down the Loyola seal in Marquette hall. The victims obviously were trapped by a sadistic soph and ordered to slave away at the soapy chore as Hell Week activities ensnared a multitude of frosh fish.

Smiling apprehensively, a frosh coed finds herself surrounded by blood-thirsty sophomores who eagerly adorn her tresses with sundry items not usually sported by milady. Coeds were forbidden to wear makeup and violators were penalized with everything from balancing eggs on their heads to a unique restyling of their coiffures.

"My dear, you look gorgeous but another dab'll do you" appears to be the thoughts of an artistic soph who presided at a Kangaroo court for offending freshmen. The guilty culprit getting the facial must have committed some dire crime against Hell Week regulations. Justice triumphs on Loyola's campus.

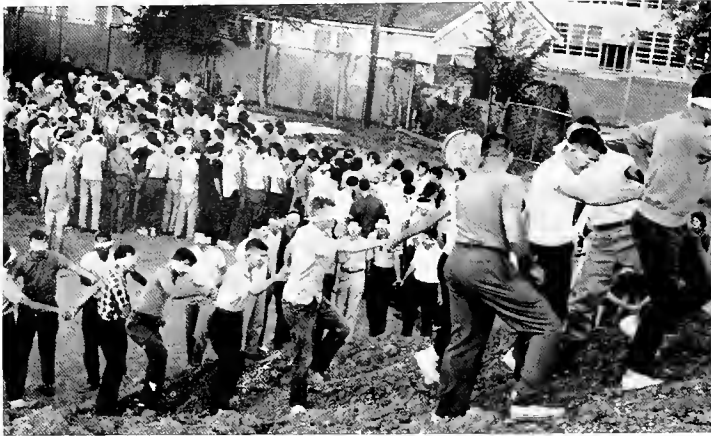

"Ahh, ya mother wears army boots," jeer the rebellious freshmen at their sophomore persecutors. Full of pep and pluck, this year's crop of frosh retaliated against their tormentors with spirited retorts.

"Hell, hell, the gang's all here." This frosh gang chants for the benefit of hell-raising sophs during that period of sublime torture known as Hell Week. Every noon hour victims were herded onto the library steps much as a herd of cattle is rounded up for the slaughterhouse. Once corralled, the "doomed ones" were branded with unforgettable tortures.

Initiation Not Like "Good Ole Days"

Initiation, observed the alumni darkly, was no longer like the good old days. Gone were the shaven frosh heads gleaming like so many eggs in the sun. Gone were the gold-fish-swallowing orgies separating the strong stomachs from the weak. Gone were midnight terrors, the kangaroo courts and mock trials. In short, Loyola youth were going soft.

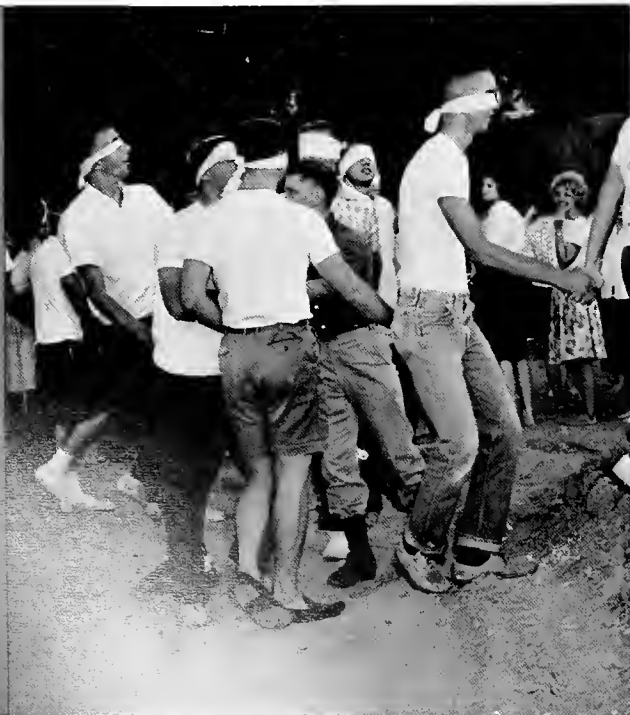

The great trek up Mount Grime begins as freshmen are duly initiated by their tormentors, the university upperclassmen.

These muted grumblings of the graduates and the more vehement protests of the current crop of students anxious to prove that their mettle was every bit as sturdy as that of their parents grew louder every year. Initiation, however, grew steadily more watery. There were further charges that the lack of the old razzamatazz produced a let-down for the eager freshmen and a subsequent lack of school spirit. This continued for years.

In 1962 the tide turned towards the causes of the blood-thirsty champions of Initiation. Hell Week, they observed with gleeful menace, was once again authentically hell.

The sophomores were appointed Guardians of the Whip. Juniors and Seniors inflicted further punishment on the sly when they could successfully pose as sophs—a device used by even a few traitorous freshmen.

The victims themselves held their heads high and called themselves Freshmen with pride.

"Now hold hands and watch your step" are warnings given to the brave who challenge Mt. Grime.

"Whoops!" Don't slip now.

Marooned on Mount Grime, the frosh in the burlap mask ponders his fate dejectedly.

A lot of blind frosh mice trudge up a mountain of mud during freshman initiation. The mountain was made by construction workers building new dwellings for the university. The freshmen are being aided in their great trek up Mount Grime by "helpful" upperclassmen.

Frosh line up for torture

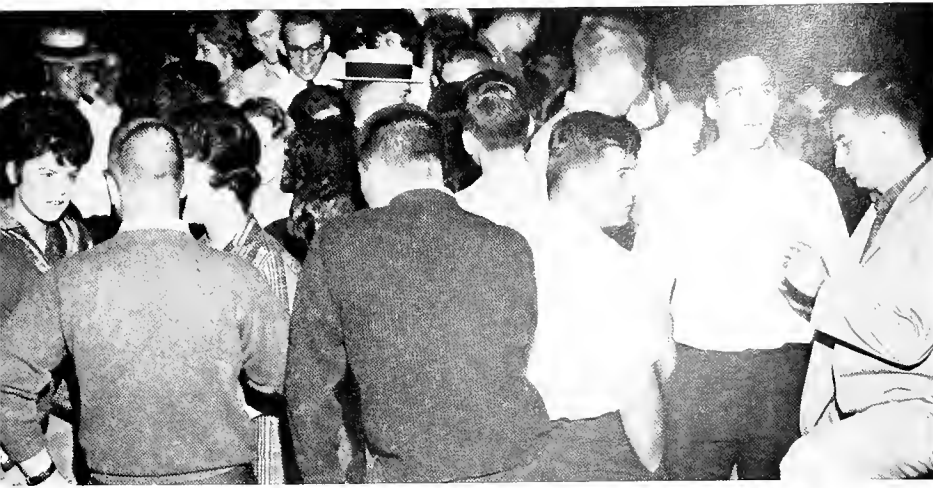

"Oooo," gasps a frosh in what is absolutely not a tone of delight.

'The Lineup' poses.

Resting their tired tootsies, Jambalaya enthusiasts take a break after listening to the four social fraternities warble their own versions of popular songs in the annual fraternity song contest. Students exchange opinions about the performances of their favorite frats.

Jam Party Ends Hell Week

The long lines, the razzing upperclassmen, the wading through mud and oatmeal that makes up Hell Week for the green frosh ended with the annual Jambalaya party.

Upsilon Beta Lambda social fraternity sang their way to the Songfest crown, ending Beggars' three-year win streak, with a medley parodying Loyola life.

Second place went to Alpha Delta Gamma, followed by Sigma Alpha Kappa and Beggars.

Followed, of course, by dancing—till midnight.

Twisting up a storm that shook the rafters of the fieldhouse, Loyola contortionists beat their feet and twisted to the rhythms of "The Counts" at the Jambalaya party.

It's a festive occasion as Bob Martinez, president of Upsilon Beta Lambda, receives the award for winning the annual frat songfest at Jambalaya. A smiling dean of students, the Rev. Robert L. Boggs, S.J., makes the presentation. The fraternity won, of course.

Coed carries ceremonial candles.

Coeds Receive LU Key and Seal

Prudence, justice, fortitude, and temperance are the four steps towards realizing the ideals of Catholic womanhood.

This was the message delivered by the Rev. Edward A. Doyle, S.J., to the freshman and senior coeds at Cardinal Key's annual Key and Seal ceremony at Holy Name of Jesus church.

In this richly symbolic event, held soon after the start of the school year, each senior received a key symbolizing success in the future and each freshman a token seal of the university.

Father Doyle, who distributed the keys and seals after he spoke, added in his talk that the freshmen should set the pace of Catholic life according to these ideals and admonished the seniors not to forget what they had learned during their years at Loyola.

A bit of joy.

Tradition is honored as frosh Betty Cox receives her seal from the Rev. Edward A. Doyle, S.J., vice-president of the university, in the annual Key and Seal ceremony.

UF

United Fund

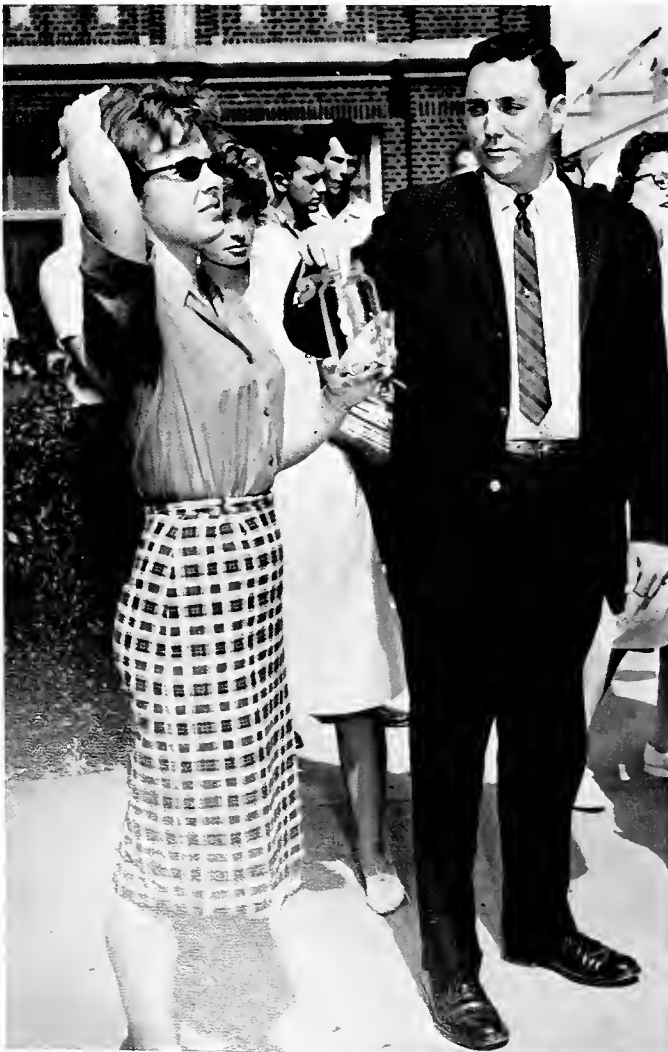

The annual week-long United Fund Drive at Loyola is handled chiefly by service organizations Alpha Pi Omicron and Lambda Sigma Lambda, in cooperation with most other organizations on campus. Projects related to the drive are brought to student attention daily at noon in the quadrangle.

Perhaps the most popular of these projects is LSL's 'Mystery Man' auction. Offered are a handsome masculine servant for a day, a night on the town, and clothing accessories from a well-known dress shop. Campus-wide female response is invariable, and the bidding is always heated.

Who is that handsome looking creature under the veil? From the smug look on Janie Martin's face, she knows. But the only way other curious coeds can find out is to bid. All for the sake of charity, of course.

Can't guess who it is . . . Wonder if he's worth it?

Sorority baby picture contest at a penny a vote attracts amused attention of the quadrangle crowd.

Let's raise that bid . . . six . . . six-fifty . . . He's a bargain at any price! . . . seven dollars, let's hear eight . . . going once . . . eight fifty, let's hear nine . . . nine . . . nine fifty . . . still not enough . . .

Forty-nine doll-ahs . . . going once . . . forty-nine fifty . . . going . . . going . . . fifty dollars! Going . . . going . . . gone to the highest bidders at fifty dollars!

Time for the unveiling. Hurry up with that hood, Janie . . . Coeds are just dying to find out who they won—or lost . . . and it looks like . . .

It is! Jack Dardis! And two pretty winners gloat happily over their prize. Jack himself doesn't look particularly unhappy at the prospect of being their slave for a day.

Joe Lobo, all-wise Maroon columnist who represents the spirit of Loyola, appears in material form at the freshman-varsity basketball game, to present Miss Wolf of 1963 and introduce himself to stunned students.

JOE LOBO Visited the Campus

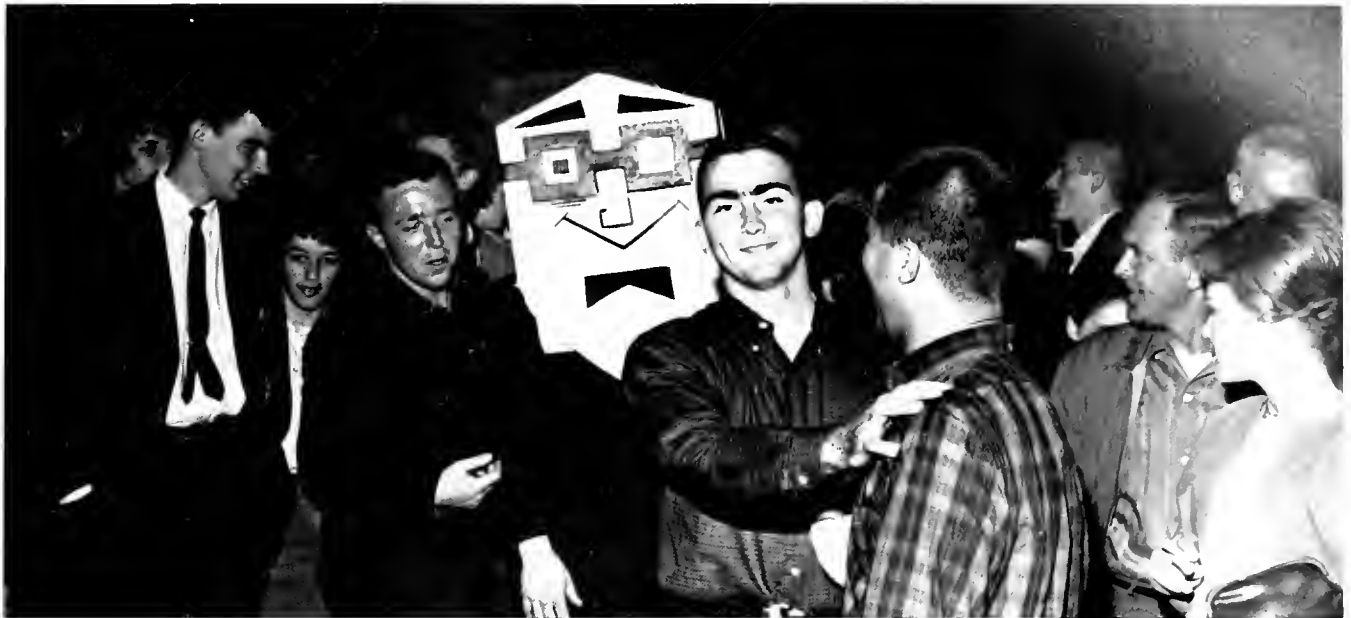

Yes, lucky ones, after a seven months' wait you were rewarded. For the first time, you were allowed to fasten your stunned gaze—all too briefly, of course—upon my very person. In March of 1963, you came face to face with me, Joe Lobo, paragon of collegiate virtue. Your overwhelming joy was limited. You knew you would suffer through another twelve months before being again so favored. For I materialize only once a year, to present my sweetheart and yours, the ideal coed of Loyola, Miss Wolf. This year A&S senior Lynn Friedman was

my infallible choice for the coed honor of 1963.

Be comforted, Constant Readers, for although I cannot be seen, I am always to be heard. Through your student newspaper I make known my opinions—I should say doctrine, for I am never wrong.

And I am always with you, ardent admirers, because I am the spirit of Loyola. Sometimes I smile upon you. Other times I frown. And when I frown, you tremble, because I am right when you are wrong. After all, I am Joe Lobo.

So be it.

— Student Government at Loyola

JACK DARDIS, *Student Council president*

Student government can be a glamorous job at best and a brutally thankless one at worst. Council influence is limited but yet there is the same relentless pressure to “produce” for voters when re-election time rolls around.

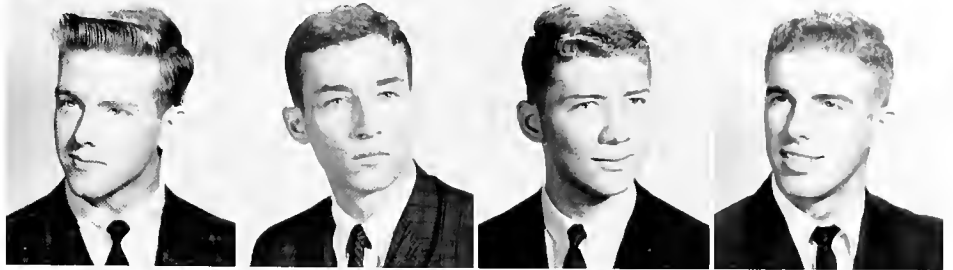

But there are rewards too: The invaluable education in parliamentary procedure and legislative methods, the priceless opportunity to acquire poise and assurance in public speaking and to become attuned to the subtleties of the world of politics.

This year the Student Council, among other accomplishments established a Judicial Court of Honor to discipline those loose with campus regulations, and Outside Issues committee to relate significant nationwide and local events with the campus, investigated the charge that Loyola was a “party campus,” finding the charge to be invalid, and worked some more on the ever-present parking problem.

Journalism is a demanding profession. It takes time, drive, and a streak of fight to put out a newspaper worth its ink. All these qualities must be capped by a journalistic sense of humor.

Loyola Maroon staffers learn to develop these traits, along with the technical skills of the trade, by the production of a weekly university newspaper.

This year The Maroon was run by two staffs, alternating each issue. At the end of the fall semester the two groups were disbanded and formed into two new spring staffs.

With a new deadline each week there are plenty of opportunities for idiotic mistakes, and there are times when the Marooners feel that they are making full use of them, but there is little time for crying over pied type, for planning for the next issue must begin before the last hits the campus stands.

The end result of this cycle of sweat and worry is a clear and thorough weekly review of campus happenings—The Loyola Maroon.

THE WOLF STAFF

A campus yearbook is a volume of history capturing the events of the university in a pleasant dose of one a year.

Cynics may say that one reason why the Wolf is annual is that it takes every spare second of those 365 days to put it together.

The 1963 Wolf staff consisted of seven, with all but one of them students of journalism.

They were aided by a generous group of Lambda Sigma Lambda service sorority girls who made use of much of their extra time typing reams of copy in the yearbook office. University photographer Russ Cresson took over 1000 pictures.

It was a tough job, but it was fun too. There were the low moments, but there were the good ones. There were the stupid mistakes and the "strokes of genius." There were lonely periods of writing in a semi-deserted office and there were the lively fights for space at a typewriter.

None of it could ever have even begun without the cooperation of the entire university. And the best moment for both staff and students came when the finished volume was lovingly placed into their hands.

Every pencil seems to be busy during this quiz. No wonder a student wears out a dozen ball points a year.

A stop at your locker in Marquette hall is necessary before heading homeward.

Workman's eye view of Marquette hall as seen from the air conditioning plant's construction site.

Campus Scenes

Loyolans would be hard put to describe the favorite moment of their college careers. Was it that moment of glory as they took office in their club by applause and acclamation, or that quiet time in spring when their eyes focused on the trees in Audubon park and noticed how really green they were?

Was it the thrill of having a really important campus personage somehow take it into his head to ask them, of all people, for a dance, or the quiet buzz of talk as they sat among friends on the cool grass of the quadrangle? Was it the upset victory for the Wolfpack, or the day they noticed their adolescent tongues coming untied?

They were nice moments, all of them, in their own ways.

Maroon reporter Murphy gets the facts.

It's noon time—rush hour at the lockers.

Hurried pilgrimages to and from top floor of Marquette is not a favorite undertaking for slow-footed students.

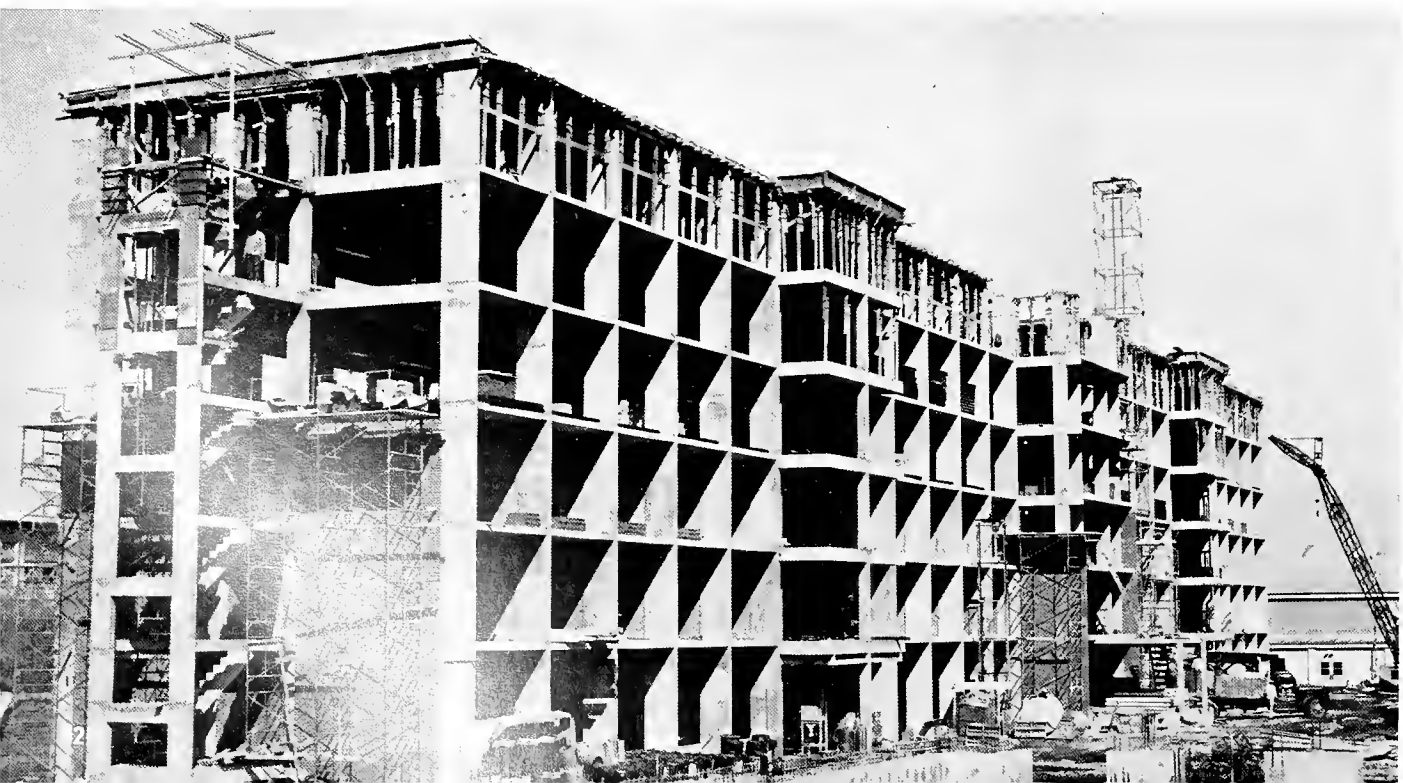

The calm before the storm . . . and then the bell rings.

Aid to congesting campus traffic?

And Life

Construction eyesore, only too familiar to many students, is being quickly transformed into much-needed campus buildings.

Gab sessions in the quadrangle are just the thing to liven up a noon hour.

What with all the leaning done on them, it's a wonder elbows don't wear out.

Goes On . . .

It's an ambitious-looking crew that forms the Loyola lounge "hanger-outers."

A bit of shorthand would be a mighty convenient asset to the note-taking student.

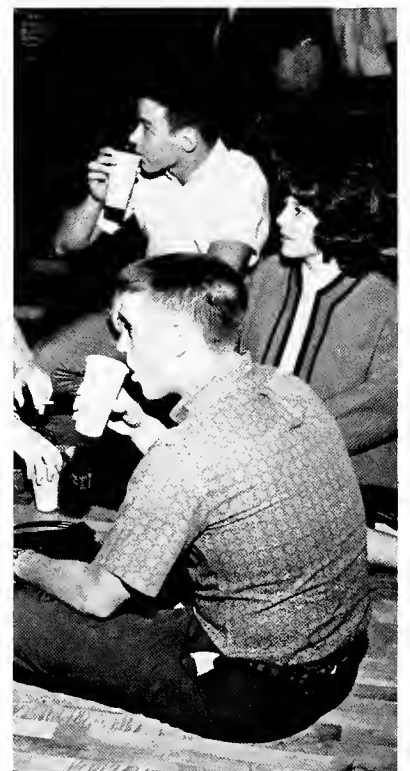

A peppy crew of six leads gametime cheers which help urge the basketball team through a successful season.

Father O'Flynn gestures to get a point across.

The annual carol sing brings to campus a large dose of old-fashioned Christmas spirit.

Time out for a pause during a sock hop.

Always Somethin' Going On . . .

School-time philosopher assumes a Thinker-like pose.

Two Loyolans monkey around at the Backwards Dance.

Alpha Delta Gamma chartered a bus to take spirited Wolfpack fans to the LSU game in Baton Rouge.

Campus Queen is greeted by a friend.

Perhaps it is the fragrance of magnolias or the warm Gulf breezes or the easy way of life. It is a fact that of beautiful women the South has always been able to boast, and Loyola is a Southern university.

Beauty, friendliness, poise, intelligence and all the other assets that make up an ideal coed were considered when Loyolans cast their ballots for the various campus favorites.

The Campus Queen and her court of six maids were chosen by a vote of the entire university. The ROTC cadets also cast their ballots for a Little Colonel and seven company sponsors.

The new crop of coeds were represented by a Sweetheart chosen by the freshman class, and Miss Wolf of 1963 was selected by a secret panel of judges after being nominated by various campus groups.

Miss Wolf of 1963, Lynn Friedman, talks with Joe Lobo.

CAMPUS FAVORITES

Miss Wolf
Lynn Friedman

Joe Lobo let the secret out at the varsity-freshman basketball game: Lynn Friedman was Miss Wolf for 1963. A senior in elementary education, pretty Lynn is wherever things need to be done. She began her campus career in 1959, using some of her spare time to draw cartoons for *The Maroon*. Always an active service sorority member, she was chosen president of Lambda Sigma Lambda in her junior year. This year she served as president of the Loyola chapter of Sigma Sigma Sigma social sorority, represented her class on the Student Council, and was recording secretary of Cardinal Key honor sorority. She has been named by LSL as most outstand-

ing coed of Loyola during 1961-62.

Lynn was selected by six Wolf editors and five faculty members from a field of eleven girls which was eventually pruned down to five: Marion Fabacher, A&S senior; Connie Marquer, BA senior; Carolyn Meyer, A&S senior; and Linda Musmeci, law freshman.

Attractive Linda was first runner-up in an extremely close vote.

By the way, if there is anyone who does not yet know, Miss Wolf is Loyola's "ideal girl." Everyone knows that Lynn fills the bill. At least we think so.

Finalists in the Miss Wolf choosing were, from left to right, Marion Fabacher, Connie Marquer, Carolyn Meyer, Linda Musmeci.

Gallant Joe Lobo escorts his newly-chosen sweetheart, Lynn Friedman.

The warm smile of Miss Wolf of 1963, A&S senior Lynn Friedman, is known throughout the campus.

Ken Aucoin, Connie Marquer, and Cynthia Sliman enjoy the Wolfpack's Homecoming game in the fieldhouse.

Cynthia receives an admiring glance from New Orleans' Mayor Victor H. Schiro as he presents her with a key to the city.

Escorted by Dr. Arthur E. Merchant, Jr., Cynthia bows low, a perfect combination of thrilled coed and regal queen.

Chocolate ice cream in the cafeteria makes Cynthia's job of keeping grades high more pleasant.

Queen Cynthia Sliman

To know Cynthia Sliman, whether casually or well, is to feel that Cynthia Sliman just had to be queen. Her quiet, regal bearing, her true brunette beauty, her easy smile and manner radiated royalty and helped to make her one of the most popular Campus Queens in recent memory.

The pretty coed from New Iberia, Louisiana, was formally presented with her court of six to the student body at the Blue Key Talent Nite December 8 and to the alumni at the Homecoming ball later that week.

Cynthia is more than a study in womanly graciousness. Her interests are wide-ranging and her

activities successful. She is a member of Theta Phi Alpha social sorority and served on last year's Student Council. She was also chosen that year as sponsor for ROTC's Pershing Rifles company and as a campus court maid.

At the age of twenty, Cynthia stands on the brink of what promises to be a beautiful future. Her major in speech bespeaks a future of appearing in the public eye, and judging from people's usual reaction to Cynthia, she will indeed be an apple of that eye. And reflecting on Cynthia's reaction to people, hers will be a happy as well as successful career.

Dona MacDonald

Frosh beauties are, left to right: Mary Cloutier, Tekla Bassham, Kathy Korner, Gail Richards, Sweetheart Dona MacDonald and Kay Vath.

Freshman Sweetheart . . .

Of all the crowns placed on the pretty heads of Loyola's favorite coeds, that of Freshman Sweetheart may be most meaningful. For it shows that in the short space of a few months this young beauty has charmed her way to first place in the hearts of her classmates. Such a girl must necessarily be quite an outstanding young lady.

And so it was this year, when Dona MacDonald, as Freshman Sweetheart of 1962-63, reigned over the tenth annual Sweetheart Cotillion.

Universally liked for her sunny disposition as well as for her sweet southern charm, the Virginia-born lovely is a resident of Butte, Montana, when not in school. She graduated from Girls' Catholic high school in Butte, where she was president of the student body and prefect of the sodality. She represented her school in many activities, traveling to out-of-state conventions.

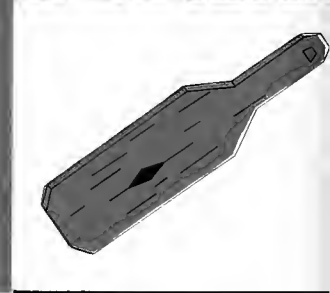

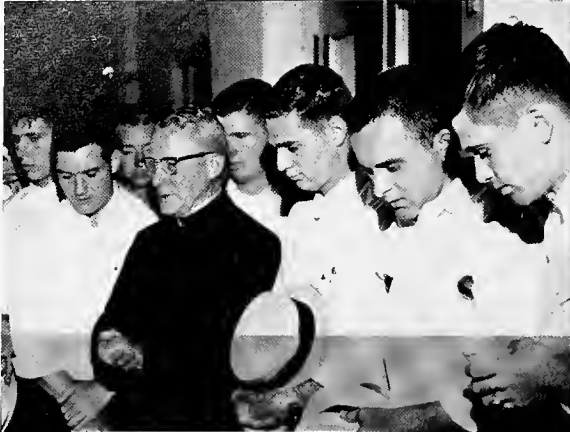

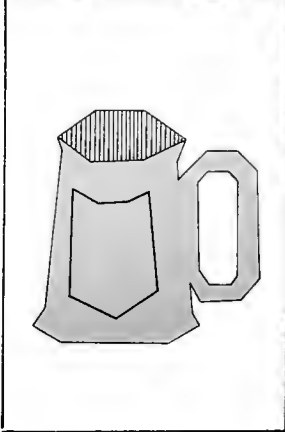

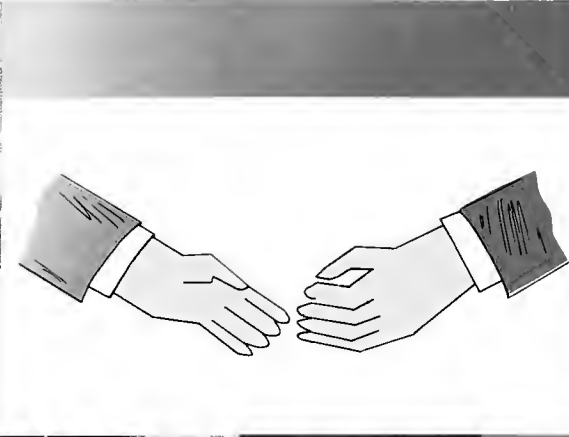

Sociology major Dona plans to work toward a master's degree.

"Whatever I do, I want to do it well," she says.

Considering her record, it seems certain that she will.

Recognized campus-wide as the backbone of university social life are the social fraternities and sororities. They effectively combine youthful exuberance with heartfelt school spirit.

Besides the numerous university-wide social functions sponsored by the Greeks each year, each organization regularly presents gifts, such as stain-glassed windows, furniture, and bulletin boards to the school.

Each Greek-letter social organization has its own favorite charity activity, and all of them go to great lengths to sponsor functions for the annual United Fund drive.

The characteristic image of the fraternity member is that of a fun-loving, party-going young person, and it is true. But there is another and deeper side to his personality, which contains the drive and idealism that puts an irreplaceable stamp on all collegiate life.

EPSILON CHAPTER

Alpha Delta Gamma, the only national fraternity on campus, celebrated its thirteenth rush season as a national fraternity with the induction of nineteen new members. Previous to 1932, Epsilon chapter of ADG was the local fraternity Delta Phi Sigma.

This year the fraternity won the Pan Hellenic scholastic award, the Mission Drive competition, first place in Talent Nite, first place in the Homecoming decoration competition and has excelled in all scholastic and extra-curricular endeavors. Athletic-wise, Epsilon has won first place in track and football. Alpha Delta Gamma sponsors many social activities throughout the year, many of which are open to its friends and associates.

This year Epsilon chapter has distinguished itself by alumnus, Gasper Schiro, being elected national vice-president and by having the alumni president, Larry Vinet, serve as national alumni co-ordinator.

The Men of Beggars proudly enjoys the distinction of being the first fraternity founded on Loyola's campus. Beggars was founded with the two fold purpose of enriching its members' college life by a strong bond of fraternalism and of cooperating with the university.

This year marked the second annual and very successful Beggars Blast. In addition to the Blast the fraternity gives many social events on campus as well as its Winter and Spring Formals.

President

Winning two first place trophies Upsilon Beta Lambda entered a year long to be remembered by its members. UBL started off by copping first place honors for its medley of songs about Loyola at the Jambalaya Songfest. Next UBL donned the grease paint to take home the first place banner for the skit competition in Talent Nite.

On the social scene UBL sponsored its third annual Shipwreck dance, which is open to the entire student body, on Easter night, its Winter and Spring Formals, the annual Mardi Gras fanfare, its alumni parties, in addition to its regular social calendar. Last summer the fraternity gave a total of 36 parties.

Other activities include the Orphans picnic in the spring at City Park, sponsorship of a university basketball game as well as support of all of Loyola's athletic events and participation in Homecoming and Greek Week.

Claiming the honor of being, so to speak, the 'oldest and yet the newest' sorority on campus is the Gamma Eta chapter of Sigma Sigma Sigma. Formerly BAE, Loyola's original social sorority, it became formerly a part of the national Tri Sigma sorority in January of last year.

Originator and yearly sponsor of the Sadie Hawkins Backwards Dance, one of the most looked-forward-to annual events at Loyola, the chapter also handles the student-faculty game, benefiting the Ceylon Missions; and holds a number of closed functions throughout the year.

The chapter, which officially became part of the university in 1958, boasts a high standard of achievement in both academic and social activities. Twice it has been presented the award for the highest scholastic average among sororities at the end of the school term.

In October they tied Lambda Sigma Lambda Service sorority for third place honors in group competition with their 'Salute to Irving Berlin,' a four part choral act including two song-and-dance numbers and revolving scenery.

Other functions this year included Nobi Young style show, their 'K-Doe Kaper,' featuring well-known songster Ernie K-Doe, the White Rose Ball, and sponsorship of the traditional cocoa party in the student lounge following the university's Christmas Carol sing.

ORGANIZATION

APO distributes directories.

Radio club display attracts interested students.

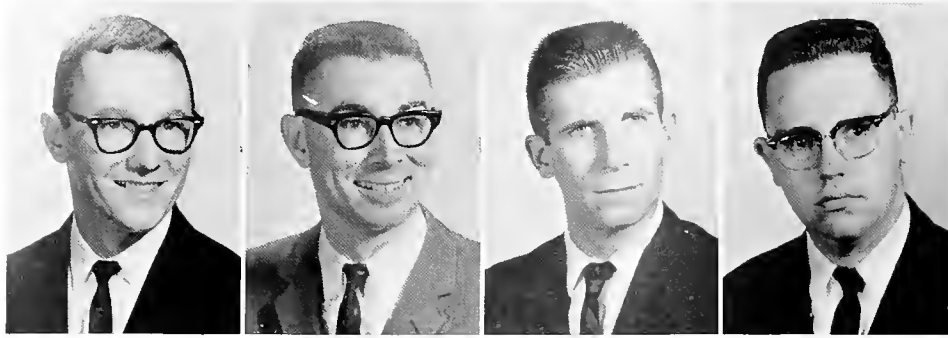

Student organizations on the campus collectively reflect the spirit of the entire university. Spanning the entire range of adult interests, they form an indispensable matrix for the bulk of student extracurricular activities.

As a general rule, the student is attracted to an organization which is centered around his own interests, which usually have to do with his or her vocation in later life. Therefore they provide an invaluable education specifically geared to the individual personality. All this in addition to a vast amount of after-school fun.

Organizations, if they are worth their salt, are usually time-consuming. But peculiarly enough, it is the student who is active in extracurricular activities who is most often to be found on the dean's list. This points up the fact that an interest in an active campus life is an indication of a mature and healthy concern for the pattern of the future. And the famed men of tomorrow will invariably be found in the annals of today's student organizations.

Alpha Sigma Nu, national Jesuit honor society was established at Loyola on April 26, 1936. It was founded in 1915 at Marquette university by Rev. Daniky, S.J. The honor society's purpose is to give recognition to the men who distinguish themselves as outstanding Catholic students.

The male students must distinguish themselves in scholarship, loyalty and service to the university.

They participate in various functions throughout the school year.

Membership in Blue Key, national honor fraternity, is the mark of outstanding leadership, conspicuous service, and noteworthy scholastic achievement.

The fraternity, founded on December 14, 1931, recognizes outstanding leaders who have rendered distinguished service to the university and who maintain a high scholastic standing.

Each year Blue Key presents an award to the most outstanding organization on campus and for the past 20 years has sponsored a stage Talent Nite, the proceeds of which are used for campus improvements.

PERSONNAE

Editor: Lucien Salvant
Moderator: John Joerg

Students with a serious bent for things artistic submit short stories, articles, poems, and illustrations of their own making to *Personnae*, the campus literary magazine. The works are sorted out and the best published in an attractive, inexpensive pamphlet once a year. Its publication is under the sponsorship of the English department. *Personnae* is an excellent showcase for talented Loyolans as well as an entertaining magazine for all.

PHARMACY JOURNAL

The *Rx Journal* of the college of pharmacy is published quarterly by the students in pharmacy. It fills the prescription for an organ of communication between the pharmacy student of Loyola and the alumni, as well as other colleges throughout the entire nation.

Over 1200 copies of the journal are mailed at each publication. The editor of *Rx* and its staff are selected annually by the students of the college.

The *Student Handbook*, commonly known as the "L" book, is another traditional Loyola publication. It is as invaluable to freshmen as the telephone book, for between its glossy covers are contained the history, ideals, traditions, organizations, student regulations of the university, and the Student Council constitution—all the information necessary to become one of the student body in spirit as well as fact. The publication of the handbook is supervised by a committee of the Student Council. The "L" book first appeared on campus 20 years ago.

Perhaps the service for which Alpha Pi Omicron, campus service fraternity, is best known is the publishing of the Student Directory which it distributes to the faculty and students free of charge. But its record of service extends far, much farther than that.

Four times since its establishment in 1938 it has earned the Blue Key Achievement award for outstanding work for the university. Other annual activities at Loyola include helping during freshman orientation, at forums, convocations, commencement exercises, and serving at alumni breakfasts. Last year they initiated a student movie program providing top quality films at low prices.

The creed of Lambda Sigma Lambda service sorority is found in its motto, Loyal Service to Loyola. Coeds join this, the largest sorority on campus, by the hundreds; and that they are more than names on a roll call is proved by the fact that 21-year-old LSL has received the prized Blue Key award for the most active organization three times.

The sorority gives an award itself; its Most Outstanding Coed honor is one of the greatest prizes a woman can receive at Loyola. Its other traditional activities are the Sherry Rush party at the year's beginning, its participation in Blue Key Talent Nite, its United Fund Mystery Man auction, and its innumerable small but invaluable services.

The many sodalities on campus merged into three this year for maximum efficiency: St. Thomas Aquinas sodality for the majority of the campus, St. Cecilia for music majors, and St. John Berchman for pharmacy students.

The sodalities provide students with the opportunity to exercise their faith together, in special ways. Their task is to increase the awareness and love of God among their members and on the entire campus. They do much each year towards helping the missions and do works of charity such as assisting needy families at Christmas time.

The most convenient time for alumni association elections is Homecoming week. Association members busily counting votes are, from left, John Kellerman, Judge Marion Seeber, Harold Juge and F. Winter Trapolin.

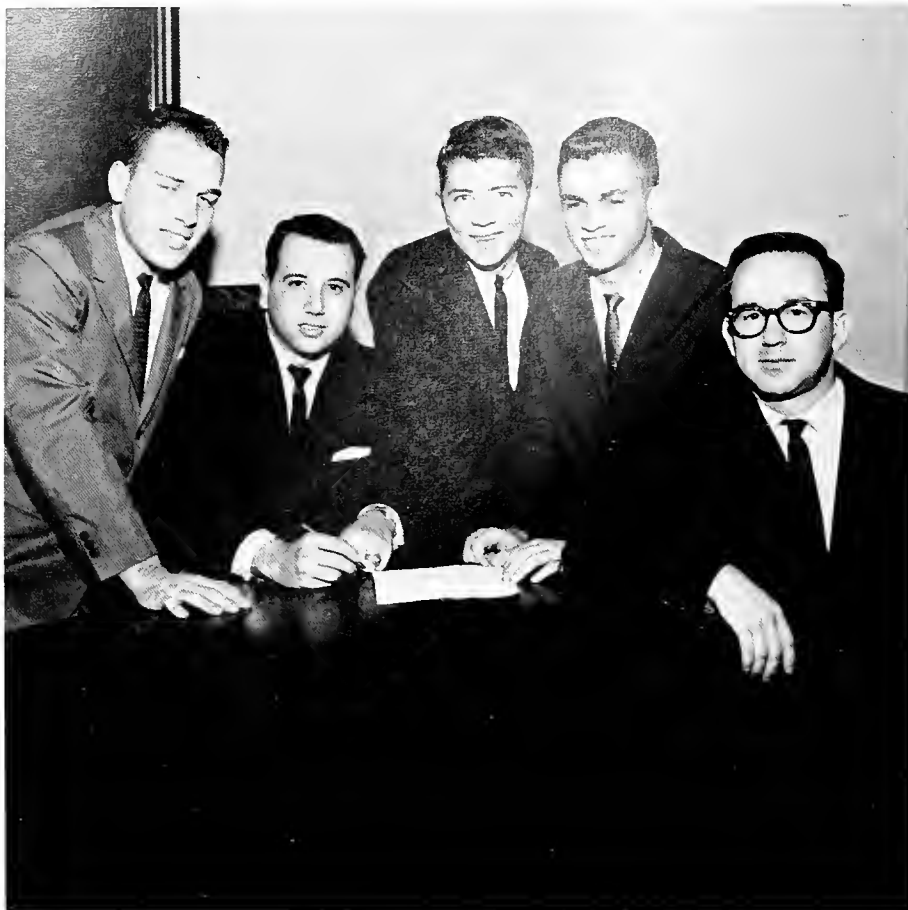

UNIVERSITY ALUMNI ASSOCIATION

The alumni of Loyola are invaluable contributors to their alma mater. They sing her praises in their careers by jobs well done and the community respect obtained with thanks to her training. They are not forgetful of the fact that they are what they are in their fields in great part because of what Loyola has done for them. The alumni giving fund has grown from seven thousand dollars in 1953 to 45 thousand nine years later, and thus greatly assists the university in expenditures and projects.

The big event of the year, of course, was the Homecoming of the class of '33. Highlights were: the attendance of the Spanish ambassador to the United States at the luncheon; presentation of a bronze plaque in honor of the founding faculty of the school of law with the sole survivor present; the first honors convocation to be held at Homecoming; the 25th anniversary of Talent Nite; the trouncing of Spring Hill's basketball team; and the climactic march of Queen Cynthia Sliman and her court.

ATHLETICS

Four varsity sports are programmed at Loyola for intercollegiate competition — basketball, baseball, track, and tennis. In addition, Loyola also has a Frosh basketball team and an outstanding intramural program for both male and coed students.

Intramural sports on the agenda include touch-football, basketball, boxing, wrestling, softball, swimming, track, bowling, and tennis. The Powder Puff Bowl for coeds is traditionally one of the major intramural events.

The varsity basketball schedule at Loyola is sure-

ly outstanding and one of the best among independent schools in the country. It includes such name basketball quints as LSU, Houston, Loyola of Chicago, San Francisco, Santa Clara, Oklahoma City, Memphis State and others.

Tennis and golf are more or less the "weak sisters" of the program, but Coach Ken Stibler and Innes Millar, coach of tennis and golf, respectively, are endeavoring to bring these sports on a par with basketball and baseball.

Baseball is Loyola's "winningest" sport, the

Wolves never having suffered a losing season in the post World War II era. Coach "Rags" Scheuermann of baseball is trying to get his Wolves into the NCAA and such an honor is forthcoming.

Coach Bill Gardiner is also trying to land his varsity cagers in a major holiday classic and in either the NIT and NCAA. The Wolves are looking ahead to the future with a great deal of enthusiasm.

Athletic Director and Head Basketball Coach

WILLIAM C. GARDINER

Since coming to Loyola in June of 1959, Bill Gardiner has doubled as basketball coach and athletic director. Gardiner is attempting to build up Loyola teams so that they will gain national prestige in the years to come.

Gardiner succeeded this past season in scheduling some of the top college cage powers in the nation, including Loyola of Chicago, the Universities of Santa Clara and San Francisco, Memphis State, and the University of Houston.

This graduate of Georgetown university is regarded around the coaching circles as a defensive coach, but last season's team did not verify that fact, as they were able to break the Loyola scoring for an individual game, and that for the entire season.

Gardiner is married and is the father of four children. Jim, the oldest, is a freshman at Loyola this year.

Ken Stibler . . .

Coach of
Varsity Tennis
and
Freshman Basketball

Guiding both the freshman basketball team and the varsity tennis team is Ken Stibler. A graduate of Seton Hall university, he is a native of Bayonne, N. J.

He brought with him from Seton Hall a vast knowledge of contacts and player personnel in the North.

His coaching background includes that of coaching service teams, scouting for the University of North Carolina, and the United States Naval Academy, and serving as an assistant at Montclair State college in New Jersey.

Ken is married and is the father of two children, a boy and a girl.

Frosh coach Ken Stibler and varsity mentor Bill Gardiner discuss strategy prior to an afternoon practice session in the fieldhouse.

Even before a team can take the field for a game, Lou "Rags" Scheuermann makes sure that the field is in proper playing condition.

Baseball Coach and Intramural Director Lou "Rags" Scheuermann

One of the most tireless workers that has ever been on the Loyola campus is baseball coach and intramural director Lou "Rags" Scheuermann.

Coach Scheuermann has established at Loyola an intramural program that includes everything from swimming at the start of the school year to softball at the end. His mural program has proven to be a great asset to the university, creating an atmosphere of competition around the campus.

Three years ago he instituted a wrestling tournament that started out with 50-60 entrants; this past year it mushroomed into a gala extravaganza.

His work with the Loyola baseball team is something that is envied by almost every coach in the country. Since he came to Loyola he has molded teams that other coaches can only dream about.

Last season one of the coaches that was visiting the Crescent City with his team said that northern coaches say if ever you make a trip to New Orleans, make sure that you play "Rags" Scheuermann's team; they are real battlers.

Scheuermann's baseball experience ranges from professional player to professional scout.

Coach Lou "Rags" Scheuermann presents Jim Roberts with the winning coach's trophy that Roberts' Heavenly Scents won in the annual Powder Puff Bowl.

Gene Turni

1962-63

Cage Captain

For the second season in a row, Gene Turni was chosen by his teammates as the varsity cage captain.

Last season as a sophomore, Gene averaged 9.7 points per game, and was ranked third in field goal percentage.

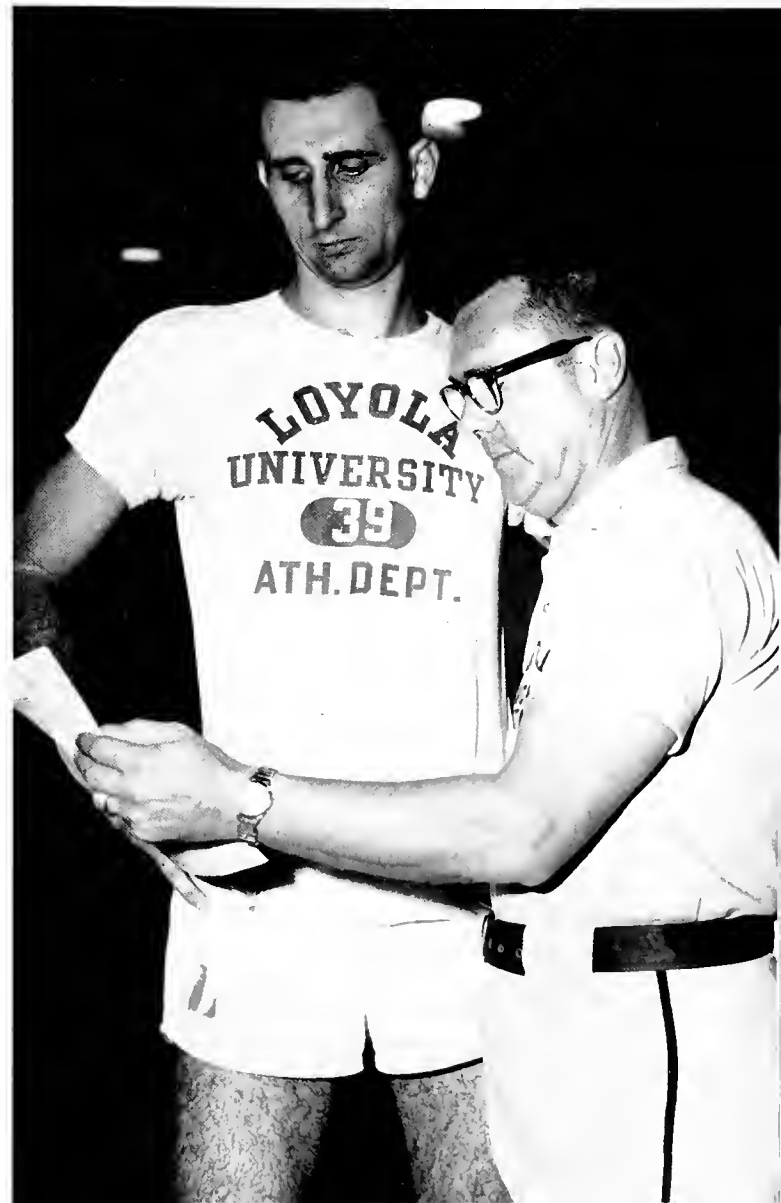

In rebounds, he had 163, which represents over 10 percent of the amount that the entire team captured off the boards.

Gene had to miss the first few weeks of the regular practice season, being sidetracked with a broken ankle.

About two weeks before the opening game of the season, Gene rejoined the team and worked himself into excellent shape.

Gene and Coach Bill Gardiner get together for a pre-game plan of action for foe at hand.

This might have been the opening game of the season for the Wolves, but it was also the beginning of disaster for Coach Bill Gardiner. Here Wayne Pietri is helped from the court by trainer Tiny Tunis (left) and manager Bill Delaney (right).

At a Glance

This season seemed to be one of injuries to Coach Bill Gardiner's Wolves. To start the injuries off, Wayne Pietri was hurt in the home opener of the season against Spring Hill.

Pietri was just about ready to come off of the injured list, when Ed Kennedy injured his knee. Again it was Spring Hill that did the damage.

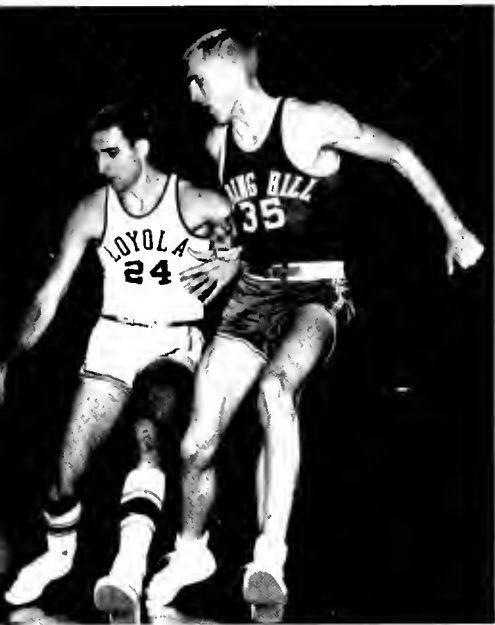

The Wolves did have some real fine games during the season. One of their biggest wins of the season was when the Wolves scored a stunning upset of the University of San Francisco Dons on the home court.

The Pack not only played some of the finest cage powers in the area, but also played against one of the best teams in the nation, the Ramblers from the Loyola University of Chicago, and their All-American Gary Harkness.

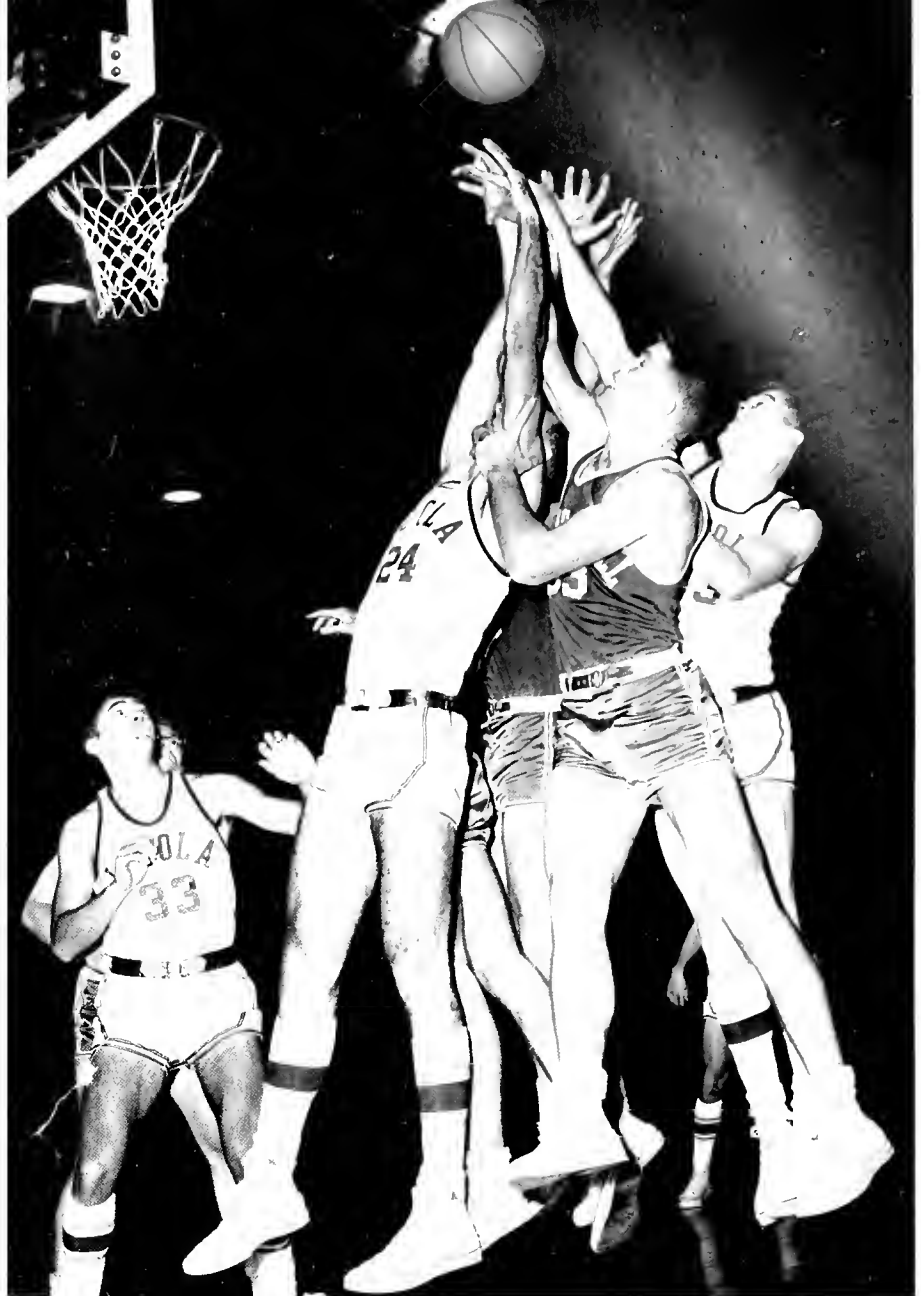

Loyola closed the season with a real rush and wound up the season with a winning 12-11 mark.

They say that the expression on a person's face usually tells the story of what is happening. This picture shows Coach Bill Gardiner and his assistant Ken Stibler looking rather glum during the Loyola-LSU game which the Tigers managed to take, 72-69.

Loyola's Gene Turni finds the going a bit tough as he tries to drive in for a bucket against Spring Hill.

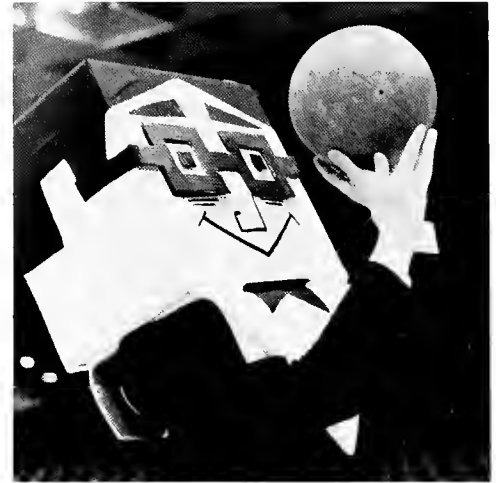

Coaches Gardiner and Stibler give the players some bits of information during the time out periods. This shot was taken during the Loyola rout of the University of Hawaii.

Spring Hill's Greg Burnbreck grabs on to Gene Turni's arm in an attempt to keep Turni from taking down a rebound.

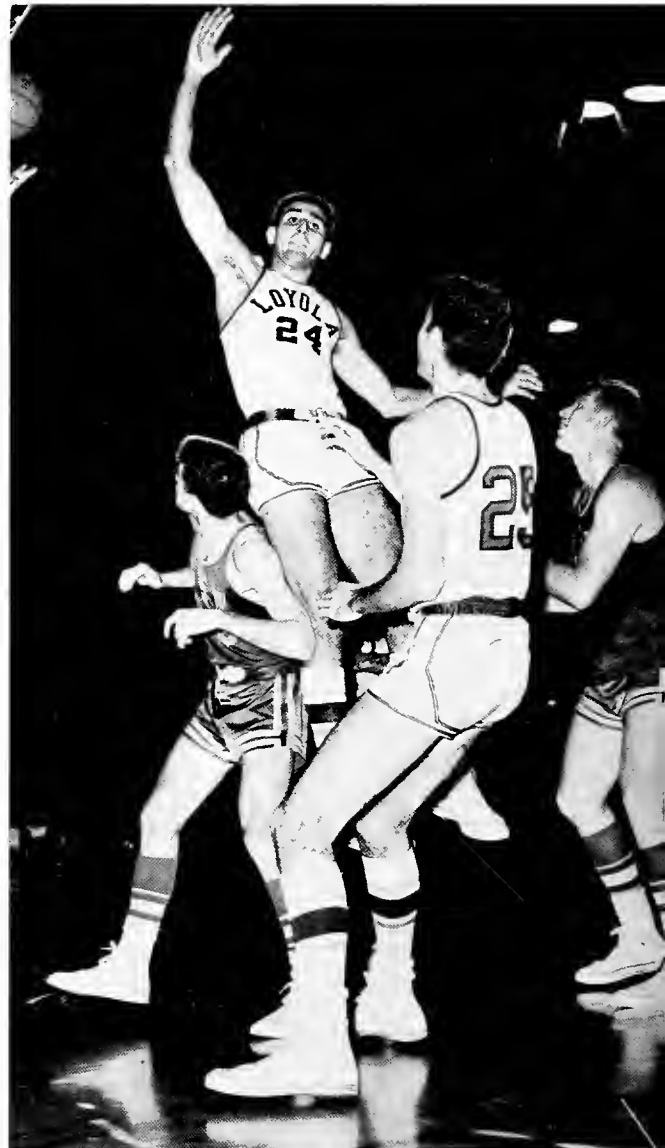

Halftime breaks at the games were always a welcome relief to both players and coaches alike.

Even Joe Lobo takes time for his favorite exercise, basketball.

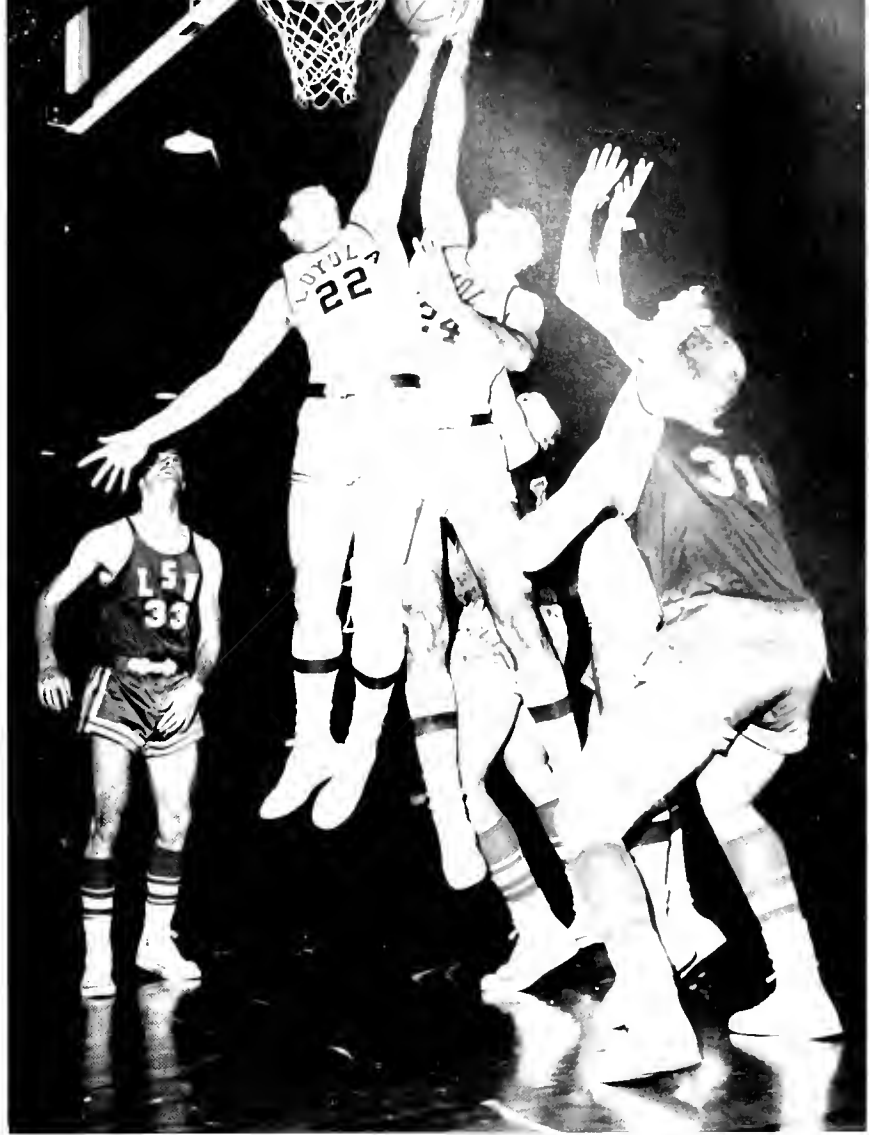

Tiger guard Ellis Cooper of LSU could only stand and wait for this shot by Pack center Ken Ryan to drop out of the basket.

About the only thing that Gene Turni received for this rebounding effort was a foul being called on him.

At the start of the season, Loyola went with a starting lineup of (left to right) Wayne Pietri, Ken Ryan, Gene Turni, Larry Hoyt, and Ed Kennedy. However this lineup was due to see many changes as a result of costly injuries to Kennedy and Pietri.

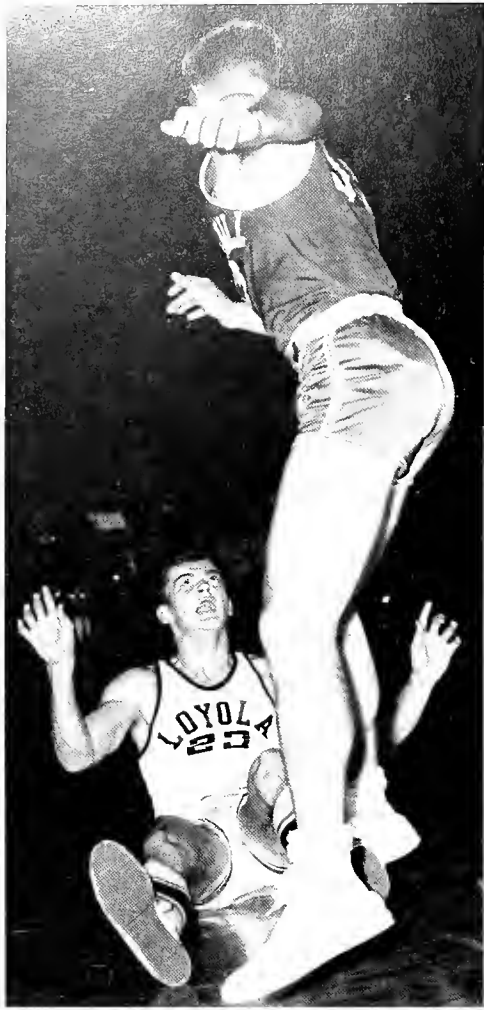

Not many times during the season were the Wolves outrebounded. Here Wayne Pietri (22), and Gene Turni (24), get up high to clear the offensive board. Ken Ryan waits with outstretched arms should the ball drop through.

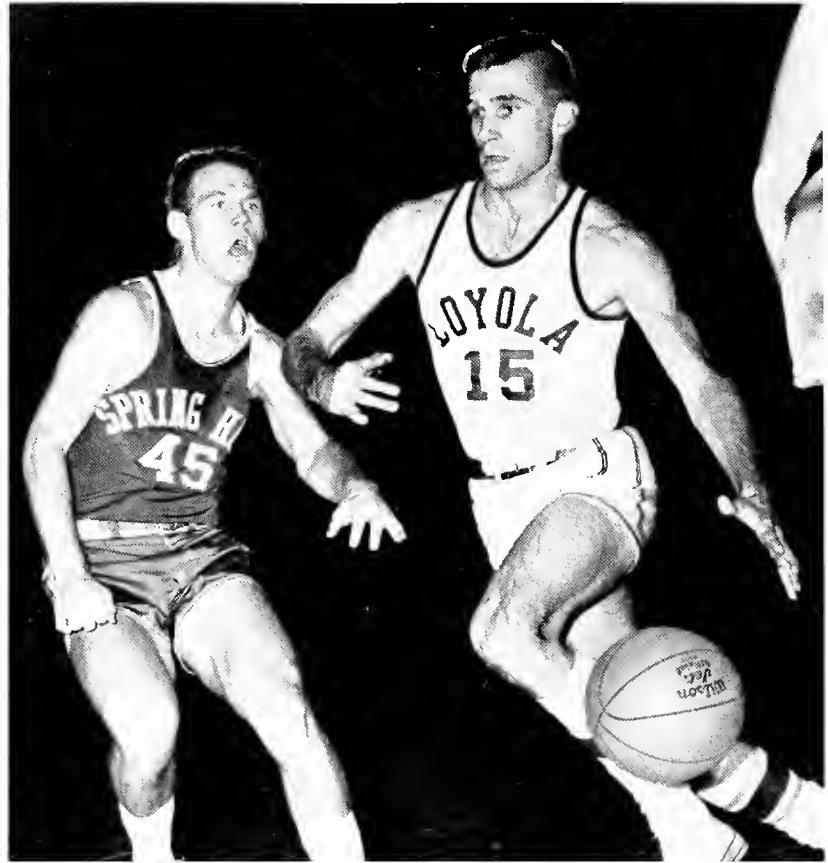

Gene Turni runs into close quarters against LSU. The Tigers even try a triple team on him, but he managed to get the pass off to Ken Hoffman who was waiting just behind Ellis Cooper (33).

Nothing could stop Larry Hoyt as he makes a determined driving layup. LSU's Ellis Cooper makes a game, but vain, effort to stop his drive, but fails.

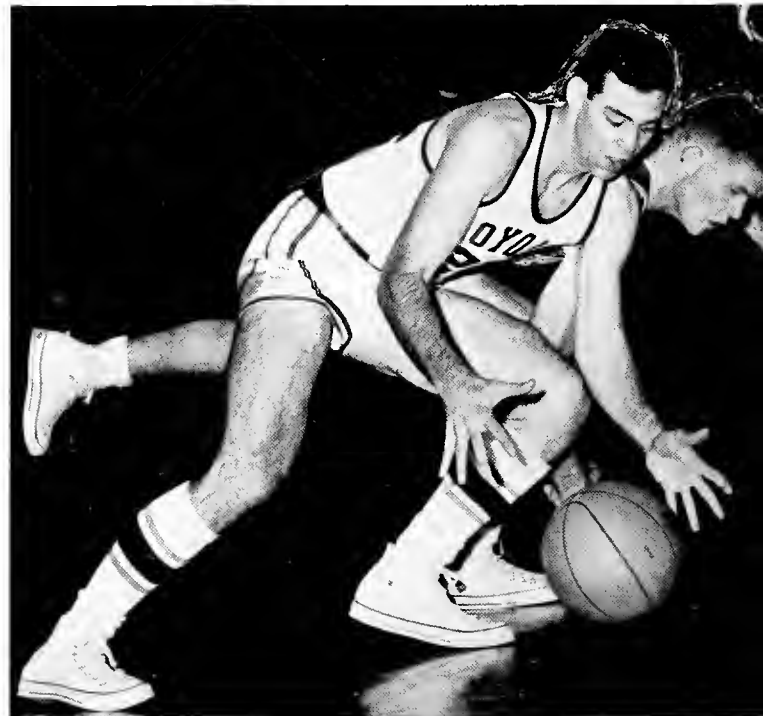

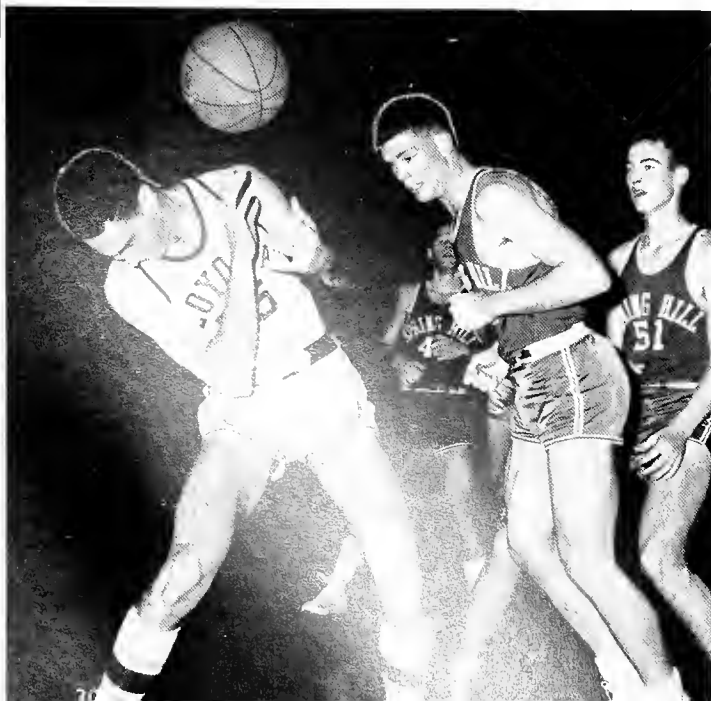

Marty Niehaus takes a brief, and unexpected rest during the Spring Hill tilt.

John Chavanne goes driving in for a layup against the Badgers of Spring Hill. He had some trouble on the way, but managed to make the shot.

Fists almost flew against Spring Hill, but not as it may seem, Ken Ryan of the Pack did not get belted on this particular play.

Wayne Pietri makes a game effort to recover a loose ball against North Texas State, but his efforts were in vain as the ball went out of bounds and North Texas took control.

Trainer "Tiny" Tunis

Before coming to Loyola at the start of the basketball season, Angelo "Tiny" Tunis was the trainer for the Columbus Jets of the International League. Prior to that he trained for such teams as Indianapolis and New Orleans.

Tiny is currently the property of the Pittsburgh organization, and has worked on some of the top players in the major leagues today. Some of his top boosters are John Romano of Cleveland, Elroy Face of the Pirates, and Frank Thomas of the Mets.

Repairing the injuries of the Loyola cagers this season is Angelo "Tiny" Tunis, a graduate of the Gus Mauch Trainers School in Florida. Tiny is in his first year at Loyola.

Varsity manager Billy Delaney (left) and freshman manager Bill Gordon go over some Wolfpack records prior to the start of another Loyola contest.

The Managers

The right hand men of the coaches are the managers. Loyola's managers are Billy Delaney for the varsity, and Bill Gordon for the frosh. Delaney has been the varsity manager for the past two seasons, while Gordon is a freshman in school this year.

They have two of the hardest jobs connected with the team; the hours are long but the rewards are slim.

Frosh Basketball Squad

Athletic director Bill Gardiner and frosh mentor Ken Stibler went up North and through Texas to sign up talent for this season's freshman team. Their efforts brought forth players from New York, New Jersey, and Texas as well.

Coming from Camden high in New Jersey was Don Kalinowski; from River Edge was John Hammel; from Trenton was John Valainis. From the state of New York, they brought

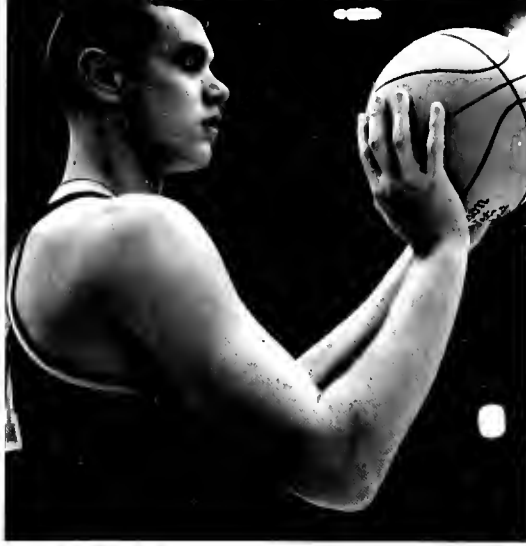

back Bill Broderick, while out of Texas came Craig Tolbert.

Tolbert was originally a resident of New Orleans.

Of the five boys that are on basketball scholarships, Kalinowski is one of the best. During his senior year at Bishop Eustace high, he was an all-stater, and helped his team to the No. 4 ranking nationally among Catholic schools. His team also won the state cage title.

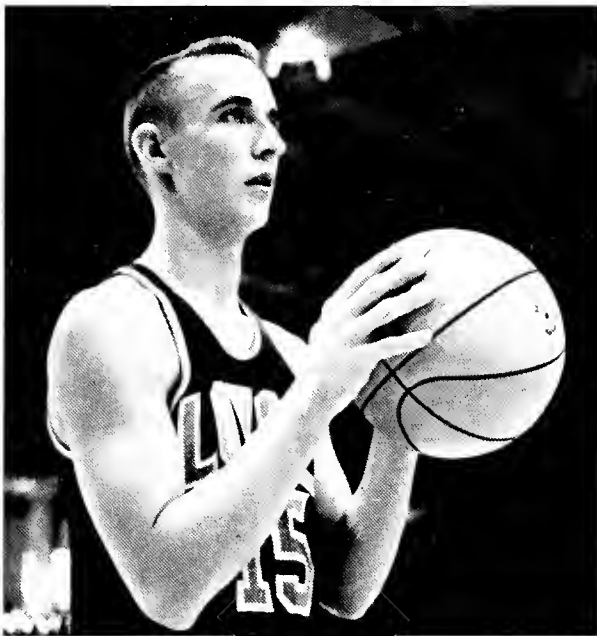

Representing Loyola's freshman team this season were: bottom row (left to right) Charles Winnow, Bill Broderick, Craig Tolbert, Roger Holmes, (top row) Carrol McBride, John Valainis, Don Kalinowski, John Hammel, and coach Ken Stibler. Missing from the picture is Billy Deris.

Coach Ken Stibler had words of encouragement for his freshman cagers during the time outs.

Roughing was the order of the day for Wolfpup as he is bumped by a "swabbie" with Pensacola Navy.

Billy Broderick engaged in some pretty rough tactics during some of the frosh games. Here he tangles with a member of the Pensacola Navy Goshawks.

RHETT POWERS

For the past several years, golf at Loyola has been on the decline, but this season things began to look better.

Some fine freshman talent has been introduced to the team with Jim Gardiner and Dave Cambre. This year marked the first time in several years that a member of the golf team received a scholarship to participate in the sport for the university.

Again this Dimitry Morvant served as the cap-

tain of the squad. Their scheduled some of the better teams in this part of the country.

Next year will be fairly rough for the team, as they will lose two of their top players in Frank Jemsek and Morvant.

Since he was a freshman, Jemsek has been one of the better performers for the linkmen, with his consistent low seventies.

Leading the Wolves this past season was captain Dee Morvant. Dee is another captain who was elected to his second "term."

olf

One of the more consistent golfers for the Pack during the fall and spring seasons was freshman Jim Gardiner. Jim, a freshman this year, won medalist honors in several matches.

Baseball at Loyola

Loyola, year in and year out, has one of the finest baseball teams in the South. One of the reasons for the team's great success is due to the ability of one person, Lou "Rags" Scheuermann.

Scheuermann is one of the best coaches in these parts. He has a fine background in baseball.

For a few years he played professional ball. He also served as the chief scout for the now defunct New Orleans of the Southern Association.

During the summer months he coaches the All American team that represents New Orleans in the AAABA tournament in Johnstown, Pennsylvania. His teams have won the tourney more times than any other entered in the event.

Scheuermann has little trouble in getting the best players in New Orleans to come to Loyola. It has been remarked by some of the coaches in the Southeastern Conference that the toughest city to recruit out of is New Orleans' because all of the good players want to come to Loyola.

One of the most liked coaches in the business is Loyola's baseball coach Lou "Rags" Scheuermann.

Before each game, and before every practice, Coach Scheuermann always gathers the team around him and says a few words about the task that faces them for the day.

The Captain . . .

Coach Scheuermann (left) talks with his captain for 1963, Pete Vollenweider.

In the past Pete was used mostly in relief, but this year took on the role as a starter.

A tough thing a pitcher has to learn is how to bunt to advance the base runner. Here Pete puts in his practice time prior to the Mississippi State contest.

Baseball

With a relatively inexperienced pitching staff and freshmen at several key positions, Loyola began its 1963 season with a victory over the University of Illinois in the Crescent City Baseball Tournament, co-sponsored by Coca Cola and Loyola.

Then the Wolves came back to meet the Louisiana State Tigers, bowing to the Baton Rouge team in one of their poorest efforts in recent years. LSU went on to win the tournament.

Loyola scored runner-up honors by beating Mississippi State in the consolation contest.

The 1963 Wolfpack had good hitting overall, but a weak pitching staff and poor defense at other times cost them several important victories.

Among the standout players during the season were Wayne Pietri, Larry Hoyt and Pete Vollenweider.

The '63 schedule wasn't too tough by standards of previous years, but it was tough young Wolfpack as they had to battle right down to the wire to get through with another winning season.

ANOTHER WINNING SEASON FOR THE WOLF BASEBALLERS—Loyola's varsity baseball team, which kept up the university's post-war (World War II) tradition of never having a losing season, are pictured here, with Coach Rags Scheuermann at the left.

VARSITY TENNIS STARS—Three of the top members of the Loyola tennis team are, left to right, Charles Wolfe, George Crozier and Don Cashio.

Tennis at Loyola

While tennis at Loyola certainly isn't in the "major sport" category, nevertheless, Loyola netters played a tough, major schedule during both the fall and spring sessions. Tennis at Loyola is a twin-season sport, with matches set in the fall and also in the spring. Coached by Ken Stibler, who also

doubles in brass as the university's freshman cage coach, this year's Wolfpack won its first match in the past six years.

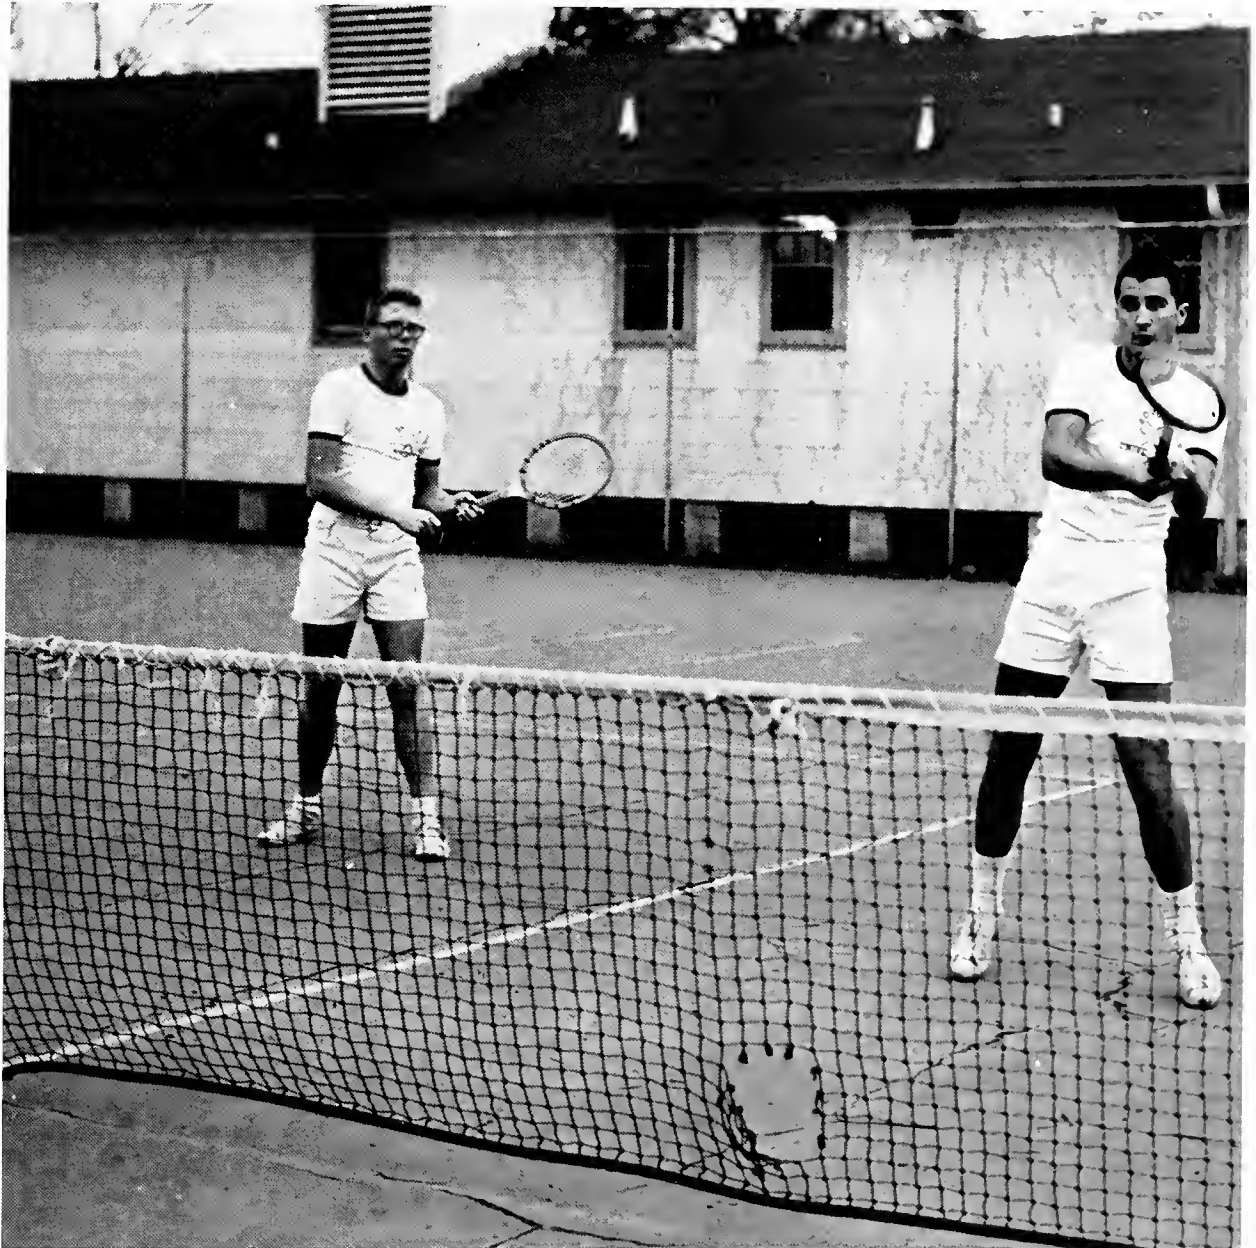

Don Cashio, a determined player in all of his matches, served as the captain for the Wolves during the past seasons.

Tennis

Playing his final season for Loyola this year was George Crozier, who was the team captain last year.

Teaming up for the doubles matches were George Crozier left and Don Cashio.

Early entrants for the intramural track meet put their "John Henrys" on the line before the deadline. They are: (left to right) Bill Eastin, Joe Casey, Jack Dardis, Charley Heidingsfelder, and Al Winters. Checking their entry blanks is Mrs. Edna O'Donnell, athletic department secretary.

The Dent's Neil Morgan displays fine form in the broad jump, but his form was only good enough for second place.

Stu Lagarde of SAK won the broad jump with this leap of 20 ft. 5 in. in this year's event.

ADG Captures Cinder Crown

Paced by the fine running of Cullen Landry and that of Bob Caswell, ADG fraternity scored an easy victory in the annual intra-mural track meet, rolling up a total of 217½ points.

Finishing in second place in the team race was SAK fraternity with a total of 107½.

Both Caswell and Landry were double winners in the meet. Caswell won the 50 and 75-yard dashes; while Landry coasted to wins in the 880 and mile runs.

The only other double winner of the meet was Al Winters of SAK. He won the discus and shot-put.

The results of the events are as follows:

- 50 yd. dash—Caswell (ADG), Woessner (Beggars), Lagarde (SAK) and Libs (Beggars), Time: 05.5.
- 75 yd. dash—Caswell (ADG), Woessner (Beggars), Papale (ROTC), Time: 07.7.

- 880 yd. relay—ADG, Beggars, ADG No. 2, Time: 1:42.
- Team totals—ADG, 217 1/2; SAK, 107 1/2; Dental School, 70; ROTC, 65; Beggars, 55; Independents, 25.

The winners of the team title were these members of ADG. They are (top row, left to right) Jack Dardis, Wayne Kempff, Kurt Fabianich, Percy Butcher, Leon Pisciotta; (middle row) Jim Shaw, Don Cashio, Bob Caswell, John Cullen, Cullen Landry; (bottom row) Joe Casey, Bill Eastin, Alex Ortolano, Dee Morvant, and Matt Rice.

Aquatic Kings, ROTC

ROTC retained its intramural swimming title as they rolled up a total of 105 points in the seven events.

Finishing in the runner-up position was Dental School with 86 and third was Sigma Alpha Kappa with a total of 75.

Charles Heidingsfelder, who was named as the outstanding swimmer in the meet, was the only double winner. Heidingsfelder splashed to victory in the 50 yard breaststroke, and the 50 yard butterfly.

The Dents had a rough break in the Medley relay as they won, but were disqualified because one of their men swam the wrong stroke in the competition.

The results of the meet are as follows:

CHARLES HEIDINGSFELDER
Dental School
Outstanding Swimmer

For the second consecutive year, ROTC has captured the intramural swimming title.

This year the team was composed of Monty Villere, Mike Simeral, Al Roberts, Harvey Strahan, and Tommy Todd.

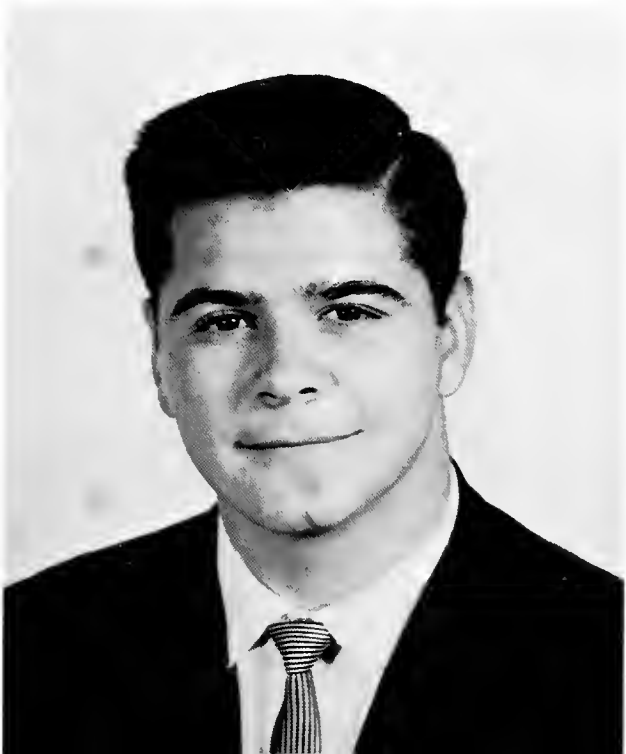

ADG, Touch Football Kings

Comprising the winning team in touch football for ADG were BOTTOM ROW (left to right): Alex Piscietta, Bill Eastin, Bob Caswell and Pete

Vollenweider. TOP ROW are (left to right): Dee Morvant, Lou Triche, Frank Jemsek, Jim Roberts, Don Cashio and Jack Dardis.

JIM ROBERTS
ADG
Outstanding Player

Alpha Delta Gamma wasted no time in getting its second intramural title of the year, as they downed a stubborn SAK team, 27-19, to take the touch football title.

Jim Roberts, who was named the league's most outstanding player, led ADG's attack, as he tossed for three touchdowns.

To reach the finals, ADG downed Law School, 19-0 while the SAK had a tough time with a stubborn Dents team, 19-13.

Standouts for the victors in the title game were Roberts, Lou Triche, and Bill Eastin.

Heading the list of competitors for the losers was Bill Parodi, who played one of the best games that he has turned in in intramural competition, Joe McMahan, and Bill Krummel.

ADG, winners of the intramural cage crown over SAK, 57-38, shown here from left to right; KNEELING are Bill Eastin, Kurt Sins, Don Cashio, Bob Caswell, and Bob Weiss. STANDING, from left to right, coach Jim

ADG Takes Basketball, Too . . .

ADG rolled to their third consecutive intramural title of the year when they downed SAK, 57-38, to win the intramural basketball championship.

The game was one of revenge for the Alpha Deltas, as they were downed by SAK, 44-40, in a previous encounter.

The major difference in the game was the rebounding of ex-varsity cager, Frank Jemsek. Jemsek proved to be a tiger under the boards, as he was almost unstoppable.

SAK had a rough break early in the tilt as their big man, Bill Krummel, drew three quick fouls, and had to take it easy through most of the game after that.

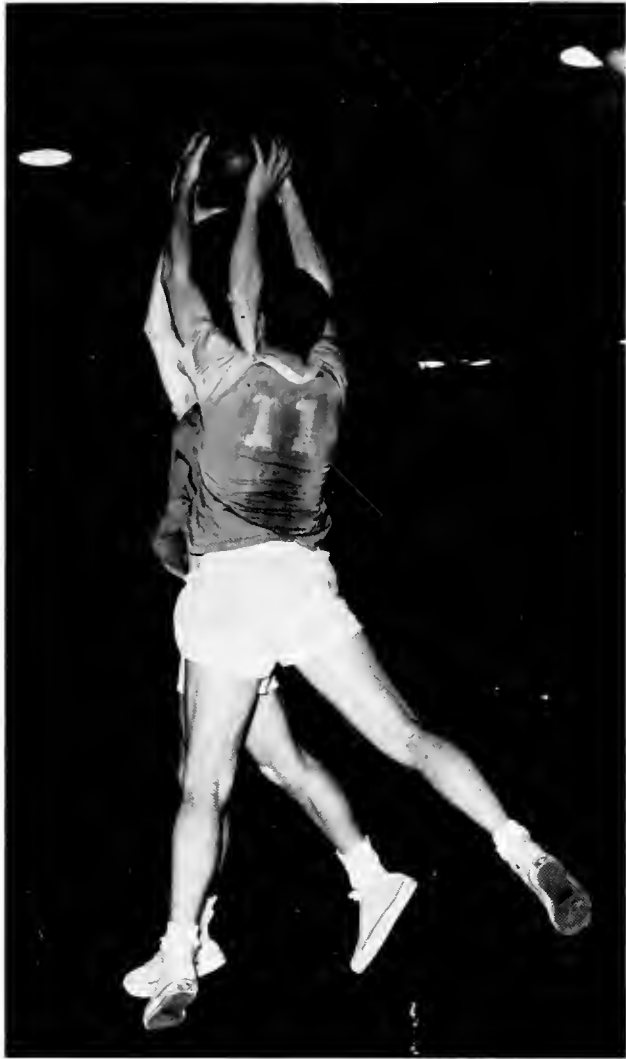

Prior to the game, the "experts" figured the

game to be real close with special interest on the two ex-varsity cagers, Darryl Tschirn, and Jemsek of ADG. The prognosticators did not figure that anyone would be able to stop the shooting of Tschirn, but ADG's Jack Dardis did a remarkable job of guarding him and held Darryl to nine points.

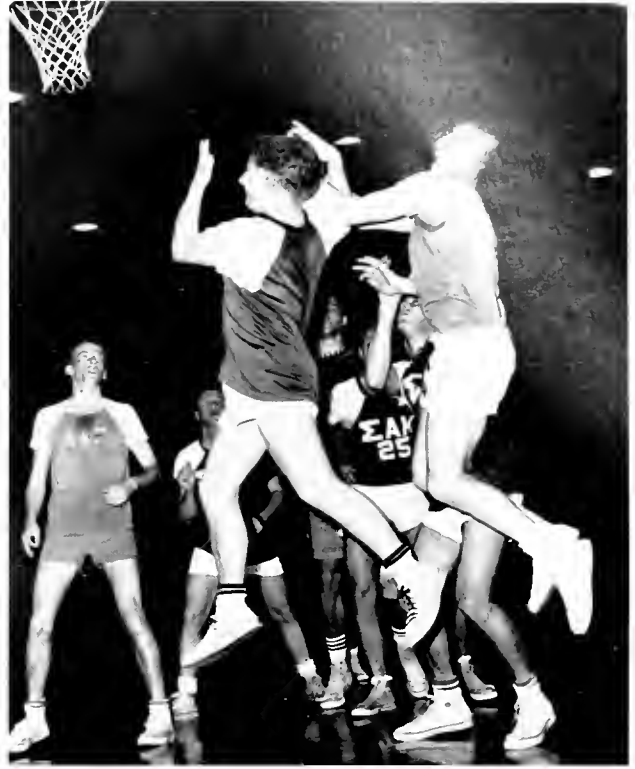

Donnie Cashio was another defensive standout for the winners. Donnie showed a lot of hustle and also managed to contribute six points to the Alpha Deltas' offensive maneuvers.

High scoring honors for the night went to Steve Coppejans of the winners. He swished the nets for 24 points.

Tied for the scoring honors for the losers were Tschirn and Krummel.

Jack Dardis and Carl Bakken battle it out for a rebound early in the championship game.

Don Cashio makes like a ballet dancer with an unidentified SAK player as they battle for a rebound.

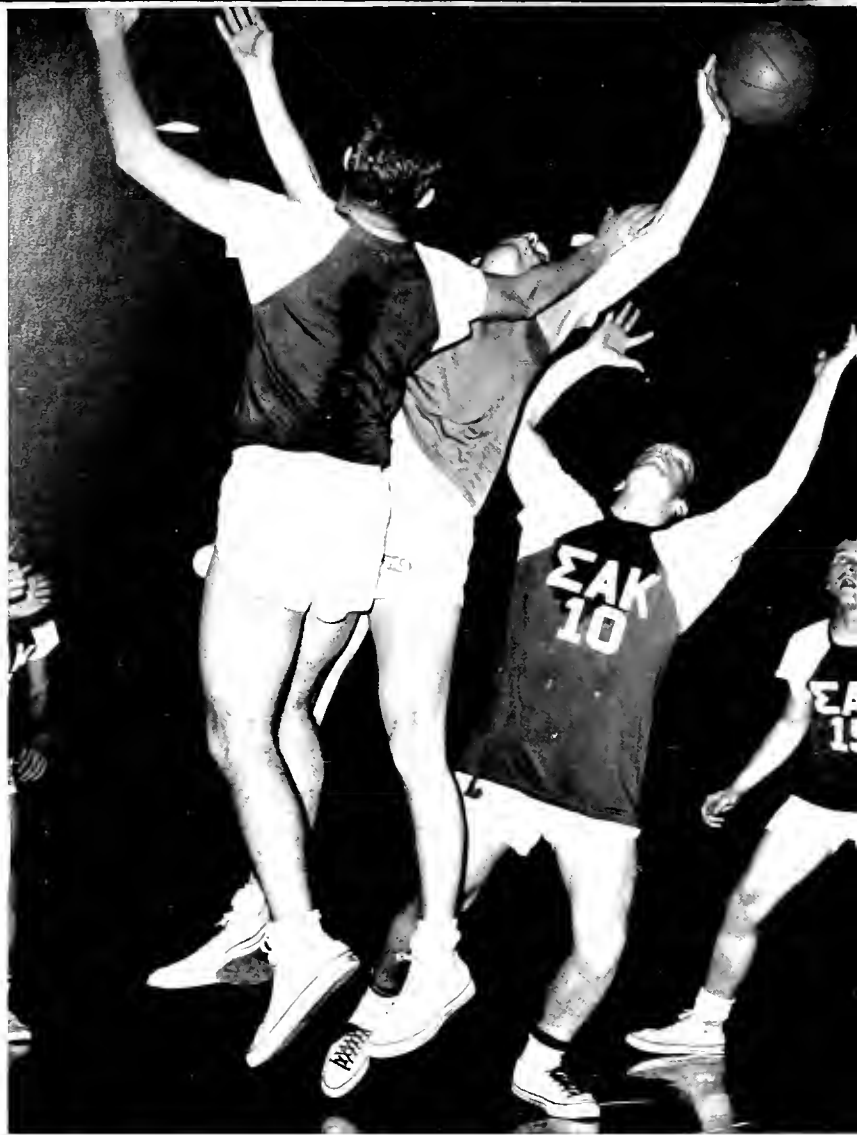

A lot of arms are flying in the championship mural game which was taken by ADG in relatively easy fashion.

Final Score:
ADG 57; SAK 38

ADG's Frank Jemsek goes driving in for a layup, but SAK's Bill Quinlan has other ideas about his making the bucket.

SAK's Bill Quinlan tries to outrebound Joe Casey of ADG by a little slap on the latter's arm. Waiting on the court for the ball are Karl Bakken (10) and Rick Gruner (15).

Bill Krummel of SAK makes like a football player who has just recovered a fumble as he hangs on for dear life only to have a jump ball called for his efforts. Helping Krummel from the court is ADG's Don Cashio.

SAK Wins Boxing

It was the same old story in boxing this year as SAK again won the team title. The members of the team are, **BOTTOM ROW** (left to right): Jim Delhom, Frank Buffa, Benny Bagert, the Rev. Guy Lemieux, S.J. (moderator), Whitey Schulingkamp, coach, Stu Lagarde, and Paul Record. **TOP ROW** (left to right): Butch Parent, Terry Rhodes, Bill Krummel, Fletcher Cochran, Harvey Strahan, C. J. Staeg, Tony Morse, and Pete Deris.

The Results:

120-129—Frank DeSalvo (SAK) decisioned Tom Grace (UBL); 130-139—Stu Lagarde (SAK) TKO'ed Norman Lefevre (UBL); 140-144—Art Barker (ADG) TKO'ed Charles Monlezun (IND.); 145-149—Jim Delhom (SAK) TKO'ed Paul Record (SAK); 150-154—Frank Buffa (SAK) by default over Terry Rhodes (SAK); 155-159—Benny Bagert (SAK) TKO'ed Leon Pisciotta (ADG); 160-169—Wolley Cowan (Beggars) TKO'ed Tony Morse (SAK); 170-179—Fletcher Cochran (SAK) decisioned John Fitzmorriss (Beggars); 180-189—Bill Krummel (SAK) TKO'ed Bruce Borne (Beggars); over 190—Andrew Dawson (ROTC) decisioned Fred Shannon (SAK).

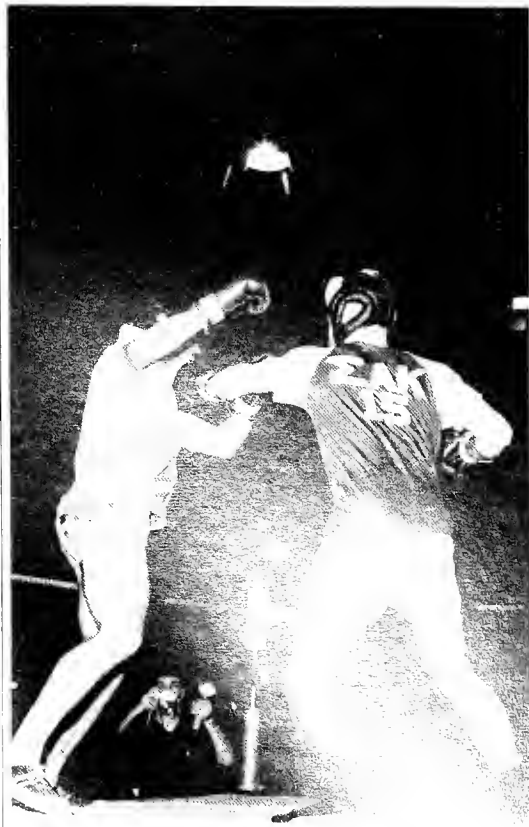

<p>BENNY BAGERT SAK Outstanding Boxer</p>
--

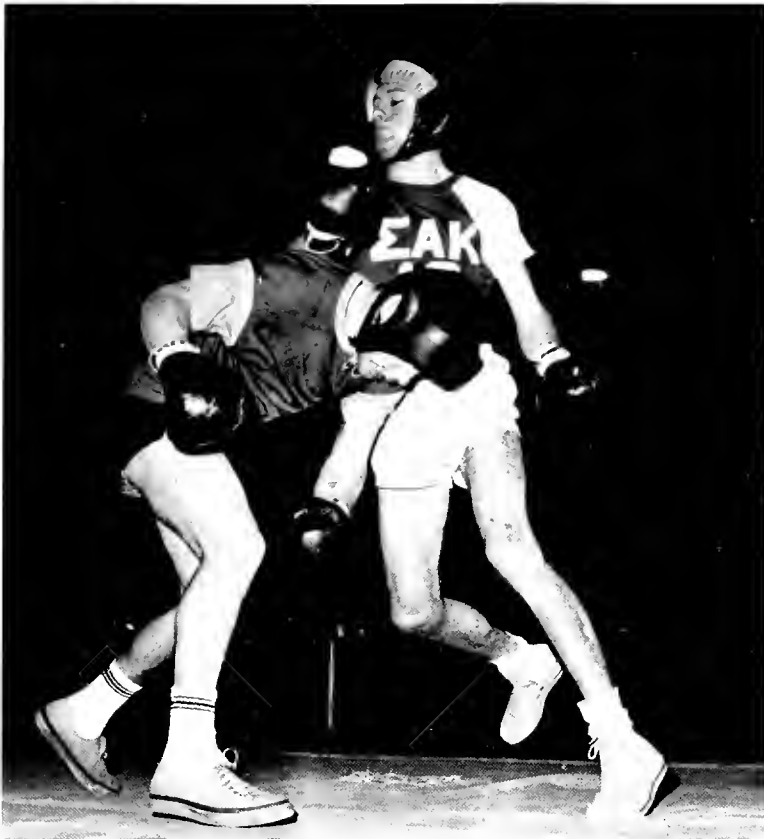

Before entering the ring, Benny Bagert receives some last minute instructions from Whitey Schulingkamp.

Best fight during the 'mural tourney between Benny Bagert (SAK) and Leon Pisciotta (ADG) saw many torrid exchanges, with Bagert getting the win. Here are some lively scenes: (Top Left)—Pisciotta buckles Bagert with right to the head; (Top Center)—Pisciotta lands another good punch to the noggin; (Top Right)—Bagert starts to move by lashing Pisciotta. (Bottom Right)—Bagert moves with left to the chin; (Bottom Center)—Bagert moves in for the kill, rocks Pisciotta; (Bottom Right)—ADG star goes down for the first time; (Center photo at the left)—Ref steps in and pushes Bagert back, calling halt to the bout.

Frank DeSalvo of SAK lands a glancing right to Tom Grace's head, DeSalvo went on to gain the decision over his UBL rival.

Frank DeSalvo and Tom Grace appear to be dancing, but it was a hard fight for both boys.

SAK's Stu Lagarde gets set to land a hard left hook to the head of Norman Lefevre in their 130-139 title fight. Lagarde stopped him.

Tony Morse of SAK tries to duck under a punch by Walley Cowan of Beggars in their 160-169 pound title go.

Beggars' Bruce Born goes down as he was TKO'ed by SAK's Bill Krummel.

Coed 'Murals . . . Powder Puff Bowl

Coach Jim Roberts had high praise for his Heavenly Scents after they won the annual Powder Puff Bowl game over a stubborn Hell Cat "6."

Since the rules only allow six players from one team on the field at one time, some had to wait while the others played.

Scents Win, 13-7 in Puff Bowl Game

Behind the all out effort of Gayle Rivet, the Heavenly Scents downed the Hell Cats, 13-7, in the third annual Powder Puff Bowl.

Rivet scored both of the Scents tallies. Her first score of evening came on a brilliant 43-yard run, while she annexed her second one on a short pass from quarterback Helen Genovese.

Needless to say, she was chosen as the outstanding player in the game.

As estimated crowd of 250 rooters braved the brisk September weather to witness the battle.

Reigning over the event, was King Powder Puff III. In real life he is known as Poochie Nicholson.

No this is not a commercial for Mike's Gym, just Vickie Curtis trotting off of the field after a few plays in the game.

Intramural Director Lou "Rags" Scheuermann presents Gayle Rivet with her trophy for being named as the outstanding player in the game.

Heavenly Scent Coach Jim Roberts has a few words of "encouragement" for his players, all of whom were going all out.

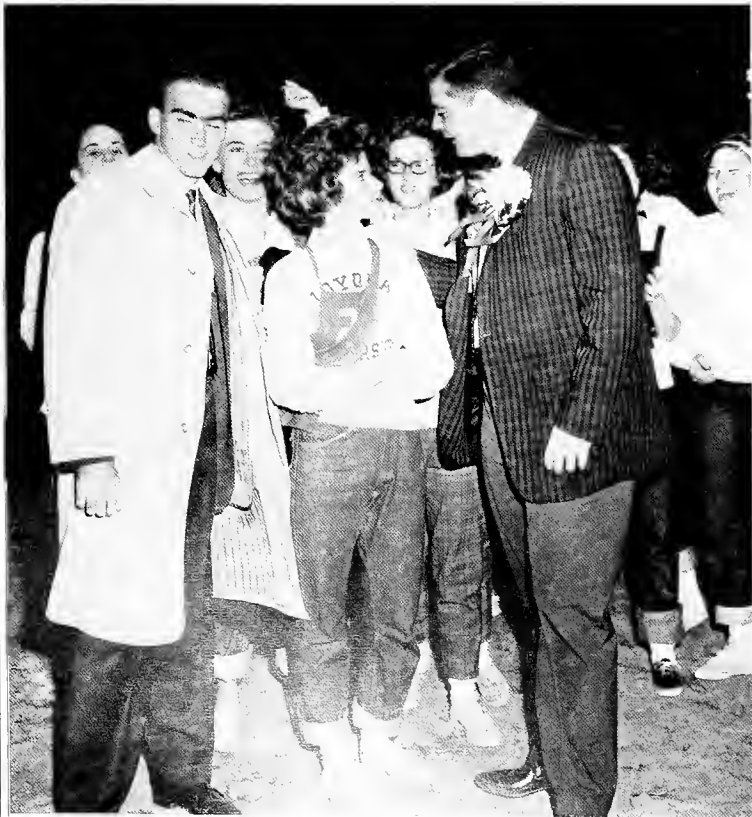

It isn't only in the professional ranks that the players tend to mix-it-up a little too much; even the girls give it a try on occasions.

The game gets underway as Emily Mostellar kicks off to start the contest.

Coaches Jim Roberts (right) and Kurt Sins give some last minute instructions to Kay Sliman before sending her into the game.

Vickie Curtis tries to gain every inch that she can as she tries to pull away from a would be tackler, but another one is right there to meet her.

The Cheerleaders and Their Backers

One of the toughest jobs at a game is that of getting the people to cheer. This year the job went to (left to right) Gordon Binder, Tek Bassham, Dotty Fitzgerald, Nicki Nicol, Michey MaArty, and Benny Rauch.

A rare sight to see were people on their feet cheering. However, as in the past, the ROTC Battalion sponsored a game, and the cadets turned out en masse to cheer the team on.

The Wolfettes

The Wolfettes, precision dancers, were composed of **BOTTOM ROW** (left to right): Karen Cucullu, Sandy Wiederecht, Kathy Pearce, Karen Foster, Judy McBride, Linda Rose, Julie Dufnac, and Margaret Cloutier. **TOP ROW** are Dale Tschirn, Jinx Glas, Carolyn Vila, Sheila Molligan, Melodye Moulton, Winnie Greenlees, Sheila O'Hare, and Bobbie Oubre.

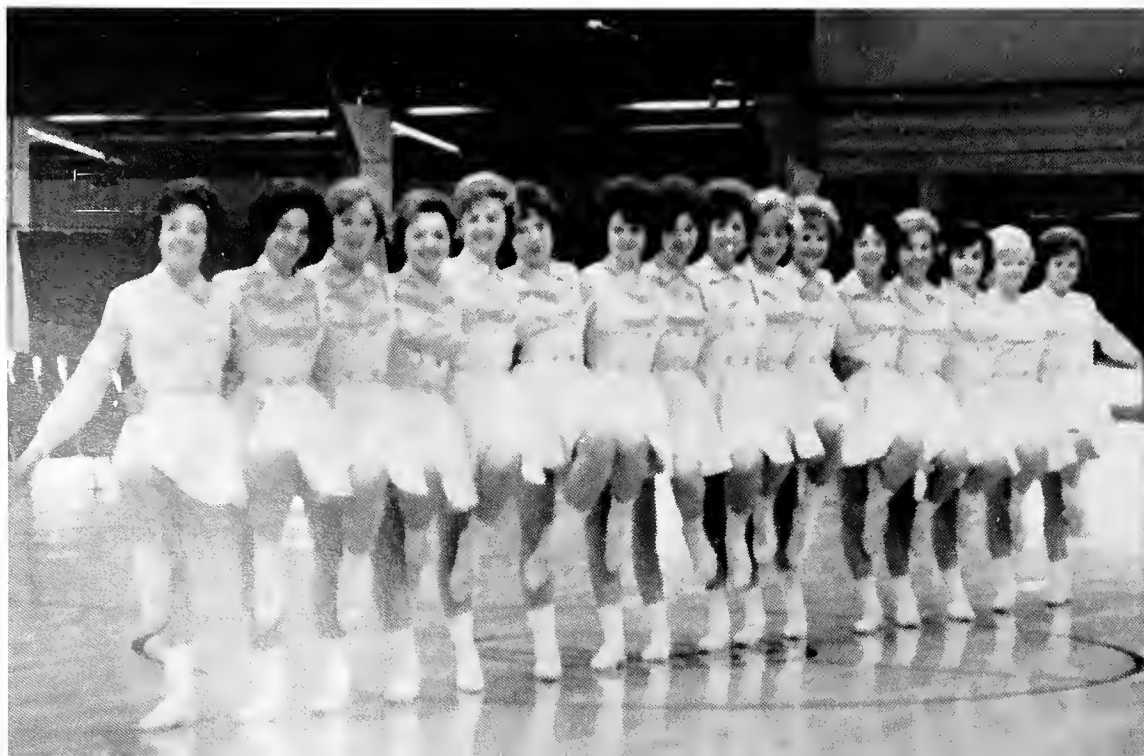

Halftime festivities this year at the Loyola basketball games were highlighted by the appearance of the Wolfettes, a group of 18 energetic Loyola coeds who performed in various dance routines.

Back of the movement was freshman Dale Tschirn, who was aided by Miss Rosalie Parrino, dean of women.

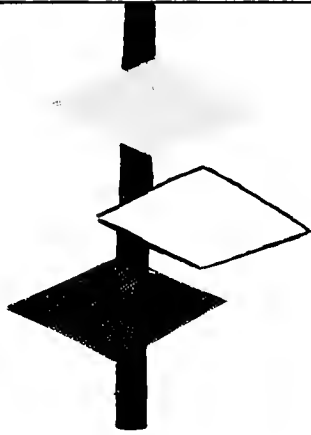

Routines of the Wolfettes were taken from the Radio City Music Hall Rockettes.

In order to get their routines down to the presentable stage, the girls had to give up many of their evenings

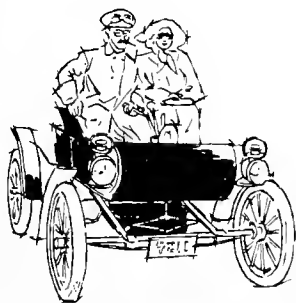

after school, and on Saturday in order to practice for the halftime shows.

Toward a wiser world

To further the ambition of young men and women who may hold the world's future within their grasp has always been the high hope and purpose of Loyola University of the South, as it has been part of the Whitney's goal since 1883. We salute the contribution that Loyola has made in developing young men and women whose vision, courage and hard work are helping to build a wiser world.
